

APPENDIX A

PUBLIC HEARING/RESIDENT COMMENTS DOCUMENTATION

The public hearing for the FY 2018 Moving Forward Annual Plan will be held on Tuesday, August 15, 2017 at 5:30 PM at the CHA Board of Commissioners meeting which takes place at the CHA Administrative Office located at 400 East Boulevard.

A formal public hearing notice was placed the Charlotte Observer on July 16, 2017, La Noticia on July 19, 2017, and the Charlotte Post on July 20, 2017. The hearing notice was also made available on the CHA website.

A complete copy of the Annual Plan was made available at the CHA-owned/managed subsidiary properties, the CHA Administrative office, Main Public Library, Old City Hall and CHA's website www.cha-nc.org on July 17, 2017. These locations will be checked throughout the 30-day review period to ensure the copy was still in place and replaced if not.

Comments will be added following the review period.

RESOLUTION

APPROVE ADOPTION OF THE CHA FISCAL YEAR 2018 MOVING FORWARD ANNUAL PLAN AND AUTHORIZE THE SUBMISSION OF THE MOVING FORWARD ANNUAL PLAN FOR FISCAL YEAR 2018 TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD)

The resolution will be included following the board meeting on September 19, 2017.

Board Resolution to Accompany the Annual Moving to Work Plan**

Acting on behalf of the Board of Commissioners of the Public Housing Agency (PHA) listed below, as its Chairman or other authorized PHA official if there is no Board of Commissioners, I approve the submission of the Annual Moving to Work Plan for the PHA fiscal year beginning January 1, 2018, hereinafter referred to as "the Plan", of which this document is a part and make the following certifications and agreements with the Department of Housing and Urban Development (HUD) in connection with the submission of the Plan and implementation thereof:

1. The PHA published a notice that a hearing would be held, that the Plan and all information relevant to the public hearing was available for public inspection for at least 30 days, that there were no less than 15 days between the public hearing and the approval of the Plan by the Board of Commissioners, and that the PHA and conducted a public hearing to discuss the Plan and invited public comment.
2. The Agency took into consideration public and resident comment before approval of the Plan by the Board of Commissioners or Board of Directors in order to incorporate any public comments into the Annual MTW Plan;
3. The PHA will carry out the Plan in conformity with Title VI of the Civil Rights Act of 1964, the Fair Housing Act, section 504 of the Rehabilitation Act of 1973, and title II of the Americans with Disabilities Act of 1990.
4. The PHA will affirmatively further fair housing by examining their programs or proposed programs, identify any impediments to fair housing choice within those programs, address those impediments in a reasonable fashion in view of the resources available and work with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement and maintain records reflecting these analyses and actions.
5. The PHA will comply with the prohibitions against discrimination on the basis of age pursuant to the Age Discrimination Act of 1975.
6. The PHA will comply with the Architectural Barriers Act of 1968 and 24 CFR Part 41, Policies and Procedures for the Enforcement of Standards and Requirements for Accessibility by the Physically Handicapped.
7. The PHA will comply with the requirements of section 3 of the Housing and Urban Development Act of 1968, Employment Opportunities for Low-or Very-Low Income Persons, and with its implementing regulation at 24 CFR Part 135.
8. The PHA will comply with requirements with regard to a drug free workplace required by 24 CFR Part 24, Subpart F.
9. The PHA will comply with requirements with regard to compliance with restrictions on lobbying required by 24 CFR Part 87, together with disclosure forms if required by this Part, and with restrictions on payments to influence Federal Transactions, in accordance with the Byrd Amendment and implementing regulations at 49 CFR Part 24.
10. The PHA will comply with acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and implementing regulations at 49 CFR Part 24 as applicable.
11. The PHA will take appropriate affirmative action to award contracts to minority and women's business enterprises under 24 CFR 5.105(a).
12. The PHA will provide HUD or the responsible entity any documentation that the Department needs to carry out its review under the National Environmental Policy Act and other related authorities in accordance with 24 CFR Part 58.
13. With respect to public housing the PHA will comply with Davis-Bacon or HUD determined wage rate requirements under section 12 of the United States Housing Act of 1937 and the Contract Work Hours and Safety Standards Act.

APPENDIX C

14. The PHA will keep records in accordance with 24 CFR 85.20 and facilitate an effective audit to determine compliance with program requirements.
15. The PHA will comply with the Lead-Based Paint Poisoning Prevention Act and 24 CFR Part 35.
16. The PHA will comply with the policies, guidelines, and requirements of OMB Circular No. A-87 (Cost Principles for State, Local and Indian Tribal Governments) and 24 CFR Part 85 (Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments.).
17. The PHA will undertake only activities and programs covered by the Plan in a manner consistent with its Plan and will utilize covered grant funds only for activities that are approvable under the Moving to Work Agreement and Statement of Authorizations and included in its Plan.
18. All attachments to the Plan have been and will continue to be available at all times and all locations that the Plan is available for public inspection. All required supporting documents have been made available for public inspection along with the Plan and additional requirements at the primary business office of the PHA and at all other times and locations identified by the PHA in its Plan and will continue to be made available at least at the primary business office of the PHA.

	<p>assistance payment for 180 consecutive calendar days. In a project-based voucher community, the participant will remain in the unit and the unit will stay under contract without subsidy. Should an assisted unit become available, the housing provider may request an amendment to the (HAP) contract.</p>		
<p>Imputed Earned Income</p>	<p>Project-based vouchers and Family Self Sufficiency components, CHA will not process interims 3 months prior to recertification, 3 months after a regular scheduled recertification or within 3 months immediately before a lease up, except in cases of extenuating circumstances where there is a loss of income for work-abled households. Each circumstance will be evaluated on a case by case basis.</p>	<p>2017</p>	<p>Approved in 2017</p>
<p>Exception Payment Standard</p>	<p>CHA currently has a waiver to increase payment standards up to 120 percent of FMR. CHA is asking to amend the exception payment standard waiver to utilize payment standards in excess of the FMR but not in excess of the lower of comparable market rents or 150 percent of HUD's published FMR in select zip codes and/or census tracts.</p>	<p>2017</p>	<p>Approved in 2017</p>
<p>Self Certification of Re-inspection for HQS Initial</p>	<p>CHA proposes that when an initial inspection fails, and there are 10 or less non-life threatening deficiencies, a self-certification would be accepted in lieu of a re-inspection.</p>	<p>2018</p>	<p>Pending HUD Approval</p>
<p>Modified Terms of Over-subsidy (Re-proposed 2017-1)</p>	<p>The definition of over-subsidy will be modified in the tenant based and project based voucher programs. Under this activity, Housing Assistance Payment contract terminations will occur if the CHA is paying \$75.00 or less, or what is equivalent to CHA's minimum rent in monthly housing assistance payments for 180 consecutive calendar days. In RAD PBV communities where the RAD HAP contract rents are set below 80% of the Fair Market Rent (FMR), the 180-day limit for \$0 HAP will not apply. The participant will be allowed to remain in the unit and the unit will stay under the HAP contract until 180 days after 30% of the family's monthly adjusted income equals the payment standard for the unit size for which the family qualifies. Tenants who were in place at the time of a RAD conversion are exempt from over subsidy regulations.</p>	<p>2018</p>	<p>Pending HUD Approval</p>

Charlotte Housing Authority Other Agency Activities

Public Engagement Process

The CAO, Director of HCV and Director of Property & Asset Management met with the Resident Advisory Council leadership to discuss proposed initiatives. Staff will also visit CHA managed communities to promote the public review and comment period of the MTW Annual Plan. The agency posts advertisements in local papers: Charlotte Observer, Charlotte Posts, and La Noticia to advise of the public review and comment period. The plan is made available on the agency website, in the lobby of the Administrative building, all CHA managed properties, Old City Hall and the main branch of the public library. A public hearing is held prior to the board's vote on the Annual Plan.

Job Plus

With funding from the U.S. Department of Housing and Urban Development, and a commitment from staff and local community agencies, CHA was one of nine public housing authorities selected to implement the Jobs Plus Pilot Program Grant. CHA will seek to develop a positive culture of work and community through creative programs and approaches for residents of Southside Homes.

Vision: The vision of Jobs Plus is to create a vibrant community where new functional patterns are created through a positive spirit for work, health, social capital and community support.

Program Goals: The goals for the next four (4) years is to provide work and life skills programs that leads to a sustainable career ladder of employment at a livable wage for all work-able eligible residents. In doing this, CHA will work to incorporate three key elements: Employment Services, the Earned Income Disregard and Community Supports for Work.

Since the program launch in September 2015, the program has enrolled one-third (200 of 331) the communities *eligible residents and have assisted over 70 people in locating employment through onsite hiring events and job coaching. In addition, the program supported the recent re-instatement of a community resident organization.

*Non-senior, non-disabled residents

Section 3

CHA operates a Section 3 program which is governed by HUD. The program encourages local economic development, neighborhood economic improvement, and individual self-sufficiency. The Section 3 program requires that recipients of certain HUD financial assistance, to the greatest extent feasible, provide job training, employment, and contracting opportunities for low- or very-low income residents in connection with projects and activities in their neighborhoods.

APPENDIX E

CHA works with business owners to obtain job training, employment and contracting opportunities for public housing residents and/or persons who live in targeted areas and have incomes 80% or below the area median income.

CHA also gives extra consideration of contract awards (administration, management, clerical support, construction) to Section 3 business concerns. A Section 3 business concern is a business that:

- 1) Is 51 percent or more owned by Section 3 residents;
- 2) Employs Section 3 residents for at least 30 percent of its full-time, permanent staff; or
- 3) Provides evidence of a commitment to subcontract to 3 business concerns, 25 percent or more of the dollar amount of the awarded contract

The CHA has experienced much success with its Section 3 program, and it is because of that success the agency will continue its outreach efforts under RAD with the Economic Opportunities Program (EOP). The EOP under RAD will mirror HUD's Section 3 program by providing employment, training, contracting, and other economic opportunities to low- and very- income residents and businesses.

Designated Housing Plan

CHA has some communities which through the public housing program have been designated for elderly families, disabled families, or elderly and disabled families. The list of communities and their designations are available in the agencies administrative offices at 400 East Blvd. Upon the conversion of the public housing to RAD PBV, the designated housing plan will no longer apply.

Ceiling Rent/Flat Rent

CHA does not offer a flat rent under its MTW Rent Reform Initiative; instead a ceiling rent is used. The practice of ceiling rents is clearly noted in the ACOP. CHA has obtained a waiver and will not offer a Flat Rent option. Upon the conversion of the public housing to RAD PBV, ceiling rents will be replaced with HAP Contract rent.

Center for Employment Services

The Center for Employment Services (CES) is a Moving Forward initiative of the Charlotte Housing Authority to promote employment and self-reliance in West Charlotte. According to CHA, one of the largest barriers to employment that clients in its portfolio face is lack of job skills or training. CES focuses on addressing this issue. To ensure the employment services were accessible, CHA chose a location in West Charlotte on the CATS bus line.

APPENDIX E

Located at the corner of Caronia Street and Clanton Road, CES provides space to local service providers to bring career development opportunities to the area. Current partners residing at the center include: Charlotte Works and Grace-Mar Services.

Recently, CES added an exciting new program for future homeowners. Facilitated by Grace-Mar Service, the course provides a nationally recognized home buyers' certification which opens up qualified participants to amazing mortgage program opportunities.

With a recent \$15,000 grant from Fifth Third Bank Foundation, the center will introduce the CES Occupational Pathways Program (COPP). Beginning in the summer of 2017, COPP will introduce new and innovative employment partnerships at CES. In partnership with a local small business organization, COPP recently developed a training program that prepares participants to assist small businesses with basic office functions, such as incoming/outgoing calls, scheduling appointments and greeting the public. Upon completion of the classroom training, the participants will spend four (4) weeks on the job with a small business applying what they learned. The goal is to help the job seeker become more marketable in the local workforce system by providing assistance to local small businesses.

CES Success Measures

1. Number of clients in training and/or educational programs
2. Number of clients who secure employment
3. Increase in client wages

With Every Heartbeat Is Life

The With Every Heartbeat is Life Program educates our residents on the importance of cardiovascular disease awareness, making healthy food selections, and the importance of physical activity. Since 2009, CHA has participated in the National Heart, Lung, and Blood Institute's (NHLBI) With Every Heartbeat is Life (WEHL) initiative. Goals of the WEHL program for FY 2017 will consist of continuing to promote the WEHL program throughout all CHA communities. Proposed activities include:

- Successfully completing a minimum of 10-week class sessions
- Successfully graduate a minimum of 75 residents

APPENDIX E

- Continue to promote resident to increase their physical activities and consumption of fresh fruit and veggies.
- Partner with NHLBI, HUD, University of North Carolina at Charlotte (UNCC), and CW Williams to educate residents and conduct Body Mass Index (BMI), blood pressure screenings and encourage doctor visits.

Since the inception of the program, over 20 CHA residents have been trained to be Community Health Workers. To date, there are currently two (2) residents who are actively Community Healthy Workers. The Community Health Worker plays a key role in promoting better health in African American communities. They help residents learn about health issues and show them ways to live healthier lives. Community Health Workers use a manual to train residents, picture cards, recipe booklet featuring heart healthy dishes, and a booklet highlighting techniques families can use to start or maintain activities that promote a heart healthy lifestyle.

To date, there have been 21 classes completed with a total of 671 participants engaging in the WEHL program. WEHL has hosted classes in both CHA family and senior communities. The total number of graduates for 2016 was 63. All participants that successfully completed the WEHL program have demonstrated increased knowledge in signs and symptoms of a stroke and heart attack. Additionally, they now have the ability to recognize a healthy Body Mass Index (BMI), a healthy blood pressure reading and a healthy glucose reading. The With Every Heartbeat is Life Program strongly believes in the each one teach one principle. This means sharing what you have learned with others. This method is used to educate Public Housing Communities through Mecklenburg County in hopes of developing healthy communities and a Heart Healthy population.

Resident Safety Initiative

Using the single fund budget flexibility, CHA implemented Resident Safety Initiatives to reduce Part I crime incident statistics for all CHA sites. The Resident Safety Division measures the Part I crimes as defined by the Uniform Crime Reporting (UCR) Program for the fiscal year. Part I crimes include burglary, assault, rape, homicide, robbery, arson, motor vehicle theft, and larceny.

The Resident Safety Department continues to provide for private security at the elderly sites year round. The family and scattered sites receive private security during the summer months. Surveillance cameras are in operation at four senior high rises and 13 family/scattered sites. Resident Safety staff reviews camera video weekly, based on the volume of calls for services as it relates to criminal incidents.

Atando Apartments Bond Inducement

One of the CHA's historical lines of business is to serve as a conduit issuer of tax-exempt bonds for applicants that wish to build or acquire and rehabilitate affordable residential units. The CHA, along with the City of Charlotte and Mecklenburg County, are the only organizations that can serve as conduit issuers

APPENDIX E

for these bonds in Mecklenburg County. As the bond issuer, the CHA will earn fees at the time of application, at bond issuance, and annually until the bonds are retired.

In August of 2013, staff received an application from Charlotte Mecklenburg Housing Partnership, Inc. (CMHP) to be the conduit issuer of bonds in an amount up to \$10,000,000 for the construction of Atando Avenue Apartments. CMHP is a non-profit development corporation based in Charlotte, NC. The property is located in North Charlotte at the corner of Atando and Statesville Ave. The project will consist of 130 units. CMHP or an affiliate will serve as the developer and as the general partner in the ownership structure.

2016/2017 Update: Atando has closed and is currently under construction.

Rental Assistance Demonstration (RAD)

The Charlotte Housing Authority submitted to the U.S. Department of Housing and Urban Development an application for a portfolio RAD conversion in late 2013, involving 53 developments and approximately 3,400 units. That application was formally approved in 2015. In 2016, CHA submitted Financing Plans on 48 developments on June 30, 2016. Two developments (Hall House and Strawn Cottages) are transferring assistance. Two developments (Edwin Towers and Charlottetown Terrace) were combined into one FHA/RAD transaction.

By the end of 2018, CHA anticipates that all of its existing public housing units will be operating on the RAD PBV platform.

NOTE: CHOICE NEIGHBORHOODS HAS BEEN DELETED

VASH Award

CHA has been awarded a total of 365 vouchers to support HUD-Veterans Affairs Supportive Housing (HUDVASH). The vouchers are administered in partnership with the Salisbury VA Medical Center (VAMC), Charlotte Community-Based Outreach Clinic (CBOC), serving Veterans identified in Charlotte.

REAL ESTATE 2018 ACTIVITIES

A. Pre-Development Activities

1. Dillehay Courts

Dillehay Courts has received a CHAP for its RAD conversion and a financing plan will be submitted in December of 2017 indicating plans for a significant renovation of the 136-unit family development starting in the fourth quarter of 2018. The

APPENDIX E

financing package will likely include 4% Low Income Housing Tax Credits and tax-exempt bonds along with permanent financing secured through the FHA insured 221(d)4 program. The renovation activities will require significant coordination between the construction activities and the temporary relocation of households from the apartments that range in size from two-bedroom units all the way up to five-bedroom units. The specified initial relocation notification and meeting with residents has been held within the required time-frame.

2. Tall Oaks

Tall Oaks Redevelopment Phase 1 construction phase will be completed by the end of 2017 with the 81 new RAD units being occupied during the first quarter of 2018. This phase of the conversion of the former 50-unit Tall Oaks Apartments located in the Cherry Neighborhood of Charlotte will provide high-quality, deeply affordable housing for households moving into the 25 one-bedroom units, 45 two-bedroom units, nine three-bedroom units, and two, four-bedroom units.

Phase II of the Tall Oaks Redevelopment will continue to be pursued as designs are refined for a multi-family development planned for the remaining 2.7-acre site. The current plans are to move the Phase II activities of the construction phase to 2022 depending on availability of public resources.

Current plans being discussed with the neighbors and City officials calls for the development of between 80-100 units of housing with a portion of the units serving a very-low income population along with a majority of units being targeted to households between 60% and 80% of the area-median income to address the need for work-force housing in the neighborhood. The current plans are to move the Phase II activities to the construction phase in 2022 depending on availability of public resources.

1. Hampton Creste

Horizon Development Properties (HDP), a wholly-owned non-profit subsidiary of CHA, is continuing to review opportunities to undertake a major renovation of the 213-unit property (60 RAD units) that serves as both a source for transitional housing and workforce housing.

2. Tarlton Hills

HDP continues to explore options available to redevelop the site of the 50-unit RAD development situated near Uptown Charlotte.

APPENDIX E

3. Hall House

CHA is working in collaboration with a number of key stakeholders, including both the City of Charlotte and Mecklenburg County, to develop a revitalization strategy for a two-block area of Uptown Charlotte that includes the 2.2-acre Hall House site. The CHA Board of Commissioners is looking at the best path available to redevelop this valuable asset into a thriving mixed-use development comprised of residential and commercial space that offers the best opportunity for long-term sustainability, keeping affordable housing in the heart of Charlotte. All of the public housing assistance for the 191 units at Hall House has been transferred to other developments as a part of CHA's portfolio RAD conversion. CHA will retain affordability at Hall House moving forward using a mixed-income, mixed-use strategy.

4. Strawn Cottages

A private developer has been selected in a competitive procurement process to take the lead in the redevelopment of this 16.2-acre site in an historic Charlotte neighborhood. All public housing assistance for the 122 Strawn Cottage units was used to provide relocation vouchers to tenants being relocated or transferred to other developments during CHA's RAD portfolio conversion. Affordability will return to the site due to the mixed income nature of the planned redevelopment. Relocation is complete and demolition is set to begin in the 4th quarter of 2017. The resulting mixed-income, mixed-use site will be a transit-oriented development.

5. Parktowne Outparcel

The Parktowne Outparcel is 1.6 +/- acres of vacant land adjacent to a six-story senior apartment complex that houses RAD residents. The outparcel is zoned for mixed-use development. CHA plans to redevelop the site as part of its adopted 5-Year Strategic Plan.

6. Edwin Outparcel

The Edwin Outparcel is 1 +/- acres of vacant land adjacent to an 11-story senior apartment complex that houses RAD residents. The outparcel is zoned for a residential-use development. CHA plans to redevelop the site at some point in the future.

B. ACQUISITION ACTIVITIES

1. Baxter Street

HDP is planning a new 180-unit mixed-income development of workforce housing on land adjacent to another existing CHA development, Charlottetown Terrace. CHA will acquire some of the needed land in a land swap with Mecklenburg County and will purchase the remaining land with MTW funds in 2018.

APPENDIX E

2. Opportunity Development

CHA is exploring purchasing an apartment complex in a High or Very High Opportunity Census tract to continue our efforts to deconcentrate poverty.

3. Acquisition Strategy

CHA/HDP may consider an acquisition strategy based on expiring tax credits or other methods that will benefit the people routinely served by our agencies. Also under consideration is an opportunity to dispose of vacant and/or excess land currently owned by CHA/HDP. It is our intent to create a pool of real estate brokers that will assist us in this endeavor.

C. Other Activities

1. Renaissance Police Memorial

Two CMPD officers were killed at the former Boulevard Homes in 1993. The capstone project for this HOPE VI redevelopment will be a beautiful fountain/art installation at the intersection of the two streets on the development named for these fallen heroes.

2. Seeds for Change

The Charlotte Housing Authority (CHA) has partnered with the West Boulevard Neighborhood Coalition to create a plan to combat the lack of a supermarket in the West Boulevard Corridor. In early 2000, the CHA purchased approximately 3.54 acres of land at the corner of West Boulevard and Clanton Road to attract a highly needed supermarket to compliment the Dalton Village HOPE VI Program. Today, the parcel is still vacant and the corridor continues to be classified as a “food desert”.

Neighbors in the community formed a coalition to address the needs and create a sustainable plan for their community. As a result, the “Seeds for Change” project was born to provide fresh foods, jobs and educational opportunities for the families in the surrounding neighborhoods. CHA provided a License Agreement for less than one year to allow the Coalition to access, inspect and test the efficacy of constructing and maintaining an urban farm. Thereafter, it is our intent to enter into a phased, long-term lease agreement to continue to serve the needs of the community and a disposition application was submitted to SAC in 2017 to dispose of the 3.54 acres in preparation for this endeavor.

The impact of the plan will not only benefit the Arbor Glen residents, but the West Boulevard corridor as a whole. The initial plans will begin with a large-scale community garden that will include outdoor raised garden beds and aquaponic greenhouses which will employ community residents to build. Ultimately, the final phase will culminate in the construction of a 15,000 square foot, co-op grocery store.

WORK REQUIREMENT POLICY **LAST AMENDED: September, 2016**

CHA believes it is essential to create a clear expectation that all applicants and participants who are non-elderly and non-disabled should work. To this end, CHA plans to institute a work requirement under which each Non- Elderly/Non-Disabled Household will be expected to work at least 20 hours per week. At the time of implementation for existing households. A household who works less than 20 hours a week will have the work requirement waived for a period of up to 6 months or until a household has found employment; whichever is sooner. For new admissions, employment will be verified at time of admission to CHA and all households must become compliant within 6 months of admission. All children under the age of 18, who have not graduated from high school or received their GED, must be enrolled in school full time.

Formatted: Tab stops: 3.75", Left + 3.81", Left

During the 6-month waiver period, a participant must be involved in a CHA Approved Work Related Activity exceptions to the six-month rule may be made on a case-by-case basis. Exceptions may include: short or long term verified medical issues for immediate family members who include spouse, children, parents and grandparents.

To be considered employed, a household must be working for a minimum of 20 hours per week. If this threshold has not been achieved during the waiver period, the household will be notified of an additional three-month warning period to meet the work requirement. If the household fails to meet the work requirement Phase I sanctions will apply.

Phase I Sanction: When the household fails to comply within the 90-day warning period, the household's income will be calculated utilizing minimum wage x the number of hours as required by the work requirement of their housing assistance (subsidy) for up to three months. ~~the period the household will lose 50% of their housing assistance (subsidy) for period, the household will lose 50% of their housing assistance (subsidy) for up to three months.~~ The household will be notified if non-compliance continues beyond the three-month Phase I sanction, the Phase II sanctions will remove the household assistance (100% subsidy loss).

Phase II Sanction: If the household has been under Phase I sanctions for 90 days and fails to correct the non-compliance, the household will lose 100% of their housing assistance (subsidy) for up to 180 additional days and will be required to pay the established contract rent. The household will be recommended for termination at the end of 180 days of Phase II Sanctions and afforded an informal hearing prior to establishing any final program termination

Work Related Activities

- Life Skills or Moving Forward Program Workshops through the Charlotte Housing Authority or the Resident Advisory Council *
- Employment training workshops through the Center for Employment Services*
- Job Readiness Training (i.e.: Charlotte Area Fund, Center for Employment Services)
- Vocational educational training - not to exceed 12 months (i.e.: Urban League, Goodwill or accredited/certified institution)

- Job skills training directly related to employment – On-the-job Training (i.e.: Charlotte Works)
- Associates or Bachelor’s degree program from an accredited college/university. If in school, must be employed a minimum of 15 hours per week. Work and school must total no less than 15 hours per week.
- High School Diploma or GED program. If in HSD or GED program, must be employed a minimum of a 15 hours per week. Work and school must total no less than 15 hours per week. Participant must attend HSD or GED program at CPCC, Center for Employment Services, or accredited institution.

Work Experience (TANF)

- Community Service Activities (Volunteering) – 8 to 15 hours per week, not to exceed 60 days (must have statement on letter head from the sponsor organization). During volunteering, resident must continue to conduct job search and provide job search log to Case Manager.

Eligible community service activities include the following: local public or nonprofit institutions such as schools, head start programs, before/after school programs, childcare centers, hospitals, clinics, hospices, nursing home homes, recreation centers, senior centers, adult day care programs, homeless shelters, approved activities/events hosted by the Resident Advisory Council, feeding programs, distributing at food banks or clothing closets.

~~CHA believes it is essential to create a clear expectation that all participants who are non elderly and non disabled should work. To this end, CHA plans to institute a work requirement under which the Head of Household will be expected to work full time in the final phase (however, the requirement can be fulfilled by any adult in the household or a combination of the adults in the household). Full time work is defined as employment for 30 hours or more per week.~~

~~When the program is launched, all non working residents (except the elderly and persons with disabilities) will undergo an assessment to determine the extent of any barriers to work. Participants who are prepared for work will be urged to look for work. Participants who are not prepared will be given other work participation activities to help them prepare for work, including life skills education, volunteering, and short-term vocational training.~~

~~During the first introductory phase of the program, no participants will be sanctioned for failure to comply with the policy. This will give participants time to address barriers to work and better understand the policy.~~

~~After the introductory phase has passed, Head of Households will be~~

~~expected to exhibit a good faith effort to find work for a minimum of 20 hours a week and/or participate in other work participation activities, if determined to be appropriate by the case manager. Each additional adult Household member will increase the hours of work required by 5 hours/week. (i.e. 3 adult household members would be 15 + 5 + 5 = 25 hours per week for the household)~~

~~Residents who fail to comply with the terms of the Work requirement policy may be sanctioned. The sanctions will increase in magnitude the longer a participant is in non-compliance, sanctions shall be applied in phases as follows:~~

~~Improvement Period: Participant will have a three (3) month grace period to cure non-compliance, if not cured within three (3) months, Probationary sanctions will be applied. Residents may be granted extensions if in compliance with their established improvement plan.~~

~~Appendix F~~

~~Probationary Period: Participant will lose a portion of their rental assistance for up to three (3) months. If they fail to correct the non-compliance within three (3) months, non-compliance sanctions will be applied.~~

~~Non-Compliance Period: Participant will lose 100% of their rental assistance for six (6) months and will be required to pay the established market rent. Participant still has the option to cure the non-compliance during the 6-month period while they are paying market rent. If the Participant fails to cure the non-compliance by the end of the 6-month period they will continue to pay market rent and move to Termination.~~

~~Termination: Termination will begin and the Participant's incentive account, if any, is forfeited due to non-compliance. For Housing Choice Voucher participants this means they will lose their voucher eligibility permanently, but can remain unassisted in their current unit.~~

Rent Reform Overview

The new rent calculation is an income-based, stepped rent with stepped escrow deposits. The income bands are a \$2,500 range with the stepped rent being 30% of the range low end. For example, in a \$5,000 – \$7,499 annual income band, the low end of \$5,000 is divided by the 12 months of the year and multiplied by 30%. The total tenant payment required by the tenant would be \$125. Annual adjusted income will be used to establish the income band. Escrow deposits will begin when the household adjusted income including wages reaches \$12,500 and ends when the household adjusted income reaches 70% of Area Median Income (AMI) or 3 years after reaching 40% of AMI, whichever comes first. Incentive accounts can be disbursed for any reason when they leave subsidized housing as long as they leave in good standing. But while they continue to receive a subsidy, withdrawals are limited to amounts needed to help participants overcome specific verifiable barriers to work. A ceiling flat rent was established at CHA Fair Market Rents (public housing only) by bedroom size and is reviewed/updated annually every fall.

In FY11, the Rent Reform and Work Requirement initiatives were split. Rent Reform began for all conventional public housing and Section 8 participants on December 1, 2010. Participants are still granted interim rent recertifications between annual recertifications provided they have met the established criteria. If there is a decrease in the family's income or an increase in medical expense or childcare expense which is expected to last longer than thirty days (and will change their flat deduction eligibility), the participant may request that an interim recertification be performed. Participants must still report changes in family size.

Income earned by seasonal employment will be annualized if the employee has maintained employment for more than 60 days. Employees of temporary agencies will be annualized after an initial 30 days of assignments.

Income from assets with a combined value of less than \$5,000 will be excluded. The annual recertification will include self certification for households with combined assets at or below \$5,000, or third party verification for assets over \$5,000. Traditional medical and childcare deductions are eliminated. Participants need only verify enough non-reimbursable expenses to meet the requested deduction level listed below.

COMMUNITY BASED RENTAL ASSISTANCE POLICY

Revised ~~August, 2016~~September, 2017

Overview

The CHA's Community Based Rental Assistance (CBRA) program (also known as the project-based voucher program) encompasses traditional project-based voucher units, Special Needs units (elderly, disabled, supportive housing, supportive service, and homeless), and pilot local rental subsidy programs. The CHA will determine the percentage of housing choice voucher assistance that is project-based under the CBRA program based on organizational strategic goals and public housing authority and/or City/County revitalization efforts. The CBRA policy is also applicable to units converted to PBV under the Rental Assistance Demonstration (RAD) program.

Simplification of the Process to Project-Base Units

The CHA will utilize a simplified owner proposal selection process to project-base vouchers. The CHA will select CBRA proposals by any of the following methods:

Units Owned by CHA. The CHA is authorized to project-base Section 8 assistance at properties owned directly or indirectly by the Agency, subject to HUD's requirements regarding subsidy layering. Project-based assistance for such owned units does not need to be competitively bid, nor are the owned units subject to any assessments for voluntary conversion. Direct or indirect ownership interest includes, but is not limited to:

- CHA participation as a member in a tax credit or other LLC;
- Direct or indirect ownership interest through a CHA subsidiary;
- CHA ownership of the land on which the community has been or is to be developed; or
- The CHA is funding a portion of the construction costs of the community and subsidizing the operating costs or rents of the community for low income families.

Request for Proposals. The CHA may solicit proposals by using a request for proposals (RFP) process. The RFP process will select proposals on a competitive basis. The CHA will not limit proposals to a single site or impose restrictions that explicitly or practically preclude owner submission of proposals for project-based housing on different sites.

Proposals that were Previously Selected Based on Competition. The CHA may consider an application and select a proposal for housing assisted under a federal, state, or local government housing assistance, community development, or supportive services program (e.g. Low Income Housing Tax Credit (LIHTC), HOME, Housing Trust Fund, Affordable Housing Program, etc.) that included a competitive process. The CHA may consider such applications only if housing was competitively selected within three years of the proposal selection date and where

the earlier competitive proposal did not involve any consideration that the project would receive project-based voucher assistance.

Joint Requests for Proposals with the City and State. The CHA may award project-based voucher assistance via competitive process for other affordable housing funds to maximize the impact of its project-based vouchers and to minimize the number of application processes developers face.

Solicitation and Selection of Proposals

CHA will accept proposals on an ongoing basis. CHA may periodically advertise its request for proposals (RFP) for the target categories in The Charlotte Observer. In addition to, or in place of advertising, CHA may also directly contact specific owners that have already been selected through one of the competitive processes above to inform them of available project based assistance.

In order for the proposal to be considered, the proposal must respond to all requirements as outlined in the RFP. Incomplete proposals will not be reviewed.

The CHA will rate and rank proposals for in the target categories using the following

criteria: *Family Units*

1. Must be located in a permissible area which meet CHA's goals and objectives including but not limited to deconcentrating poverty, expanding housing and economic opportunities
2. Families must have one member either working or participating in a work support program.
3. *No more than 25% of the units in a family development will be project-based unless the development is providing some level of supportive services. (This does not apply to senior and special needs housing).*
4. Developments in neighborhoods within a mile of one of Charlotte's new transportation corridors, including light rail, will be given second priority.

Special Needs Units

1. Category includes units for homeless, disabled, domestic violence, transitional youth and other special needs.
2. Services must be being provided onsite or in coordination with the housing. Higher levels of service provision will be given first priority.
4. Must be located in a permissible area which meet CHA's goals and objectives including but not limited to deconcentrating poverty, expanding housing and economic opportunities, Developments in neighborhoods within a mile of one of Charlotte's new transportation corridors, including light rail, will be given second priority.

Senior Units

1. Must be located in a permissible area which meet CHA's goals and objectives including but not limited to deconcentrating poverty, expanding housing and economic opportunities
2. Developments in Uptown Charlotte or in neighborhoods within a mile of one of Charlotte's new transportation corridors, including light rail, will be given second priority.
3. Services must be provided onsite or in coordination with the housing. Higher levels of service provision will be given priority if the locational criteria rank equally.

In addition to meeting the above criteria, each deal must meet HUD Site Selection Standards set forth in CFR 983.57. Each deal must also be in compliance with HUD subsidy layering rules, the Fair Housing Act, Davis-Bacon regulations for new construction and all other applicable HUD regulations.

Priority will be given to proposals in any target category that complement other local activities such as the redevelopment of a public housing site under the HOPE VI program, the HOME program, CDBG activities, other development activities in a HUD-designated Enterprise Zone, Economic Community, or Renewal Community.

Prohibition of Assistance for Certain Units

The CHA will determine property eligibility criteria and may provide project-based assistance for transitional housing and other innovative housing types to address Charlotte's affordable housing needs.

Cap on the Number of Project-Based Units

The CHA will provide project-based assistance for excepted units in multifamily buildings that are specifically made available for elderly or disabled families or families receiving supportive services on a project-by-project basis with MTW and/or HUD approval.

In Supportive Housing developments (homeless, disabled, domestic violence, transitional youth, and/or special needs) with less than 20 units, the CHA will provide project-based assistance up to 100% of the units in the project. In supportive housing developments (homeless, disabled, domestic violence, transitional youth, and/or special needs) with more than 20 units, CHA will provide project-based assistance up to 60% of the units in the project. Services must be provided in the coordination of housing for supportive housing developments. The types of services offered to families for a project to qualify for the exception will be determined on a project-by-project basis depending on the target population. Supportive Housing developments may use the McKinney Act definition of disabled for the purposes of determining eligibility for exempted units.

The CHA will require reports to be submitted at least quarterly for supportive housing developments (excluding elderly and disabled developments) to ensure proper monitoring of excepted units.

In family developments or transitional housing programs, families must be receiving FSS supportive services or other self-sufficiency services to qualify for an excepted unit. The CHA, contract service provider, and/or supportive service partner will monitor the excepted family's continued receipt of supportive services and take appropriate action regarding those families that fail without good cause to complete their supportive services requirement. The CHA will require reports to be submitted at least quarterly for family developments to ensure proper monitoring of excepted units.

Site Selection Standards

Per CHA's MTW Agreement, the Authority is authorized to duly adopt, according to the requirements of local law, alternate standards for determining the location of existing, newly constructed or substantially rehabilitated housing to receive subsidy; provided, however, that in lieu of the Site Selection Standards currently set forth in 24 C.F.R. Section 983.57, the agency will comply with the following requirements:

- a. The Agency will comply with the Fair Housing Act and Title VI of the Civil Rights Act of 1964, and implementing regulations thereto, in determining the location of newly constructed or acquired public housing units.
- b. Units may be located in the agency's jurisdiction, including within, but not limited to, the following types of urban areas: (1) an area of revitalization that has been designated as such by the City of Charlotte and/or Mecklenburg County, including Redevelopment Areas and Enhanced Enterprise Communities, (2) an area where public housing units were previously constructed and were demolished, (3) a racially or economically impacted area where the agency plans to preserve existing affordable housing, (4) in connection with a HOPE VI or other HUD funded master planned development, (5) in areas where a needs analysis indicates that subsidized housing represents a low percentage of the total number of housing units in the area or (6) relocating units to an area with a lower concentration of public housing units.
- c. Conduct a housing needs analysis indicating that there is a real need for the housing in the area; and
- d. When developing or substantially rehabilitating six or more Section 8 project-based units, the agency will: (1) advise current residents of the subject properties and representative community groups in the vicinity of the subject property by letter to resident organizations and by public meeting, of the agency's revitalization plan and (2) certify to HUD in its MTW Annual Report that the comments from residents and representative community groups have been considered in the revitalization plan. Documentation evidencing that the agency has met the stated requirements will be maintained at the housing authority and submitted to HUD in its MTW Annual Report.

It is the goal of CHA to select sites for CBRA housing that provide for deconcentrating poverty and expanding housing and economic opportunities. In complying with this goal, the CHA will limit approval of sites for project-based housing in census tracts that have poverty concentrations of 20 percent or less.

However, the CHA will grant exceptions to the 20 percent standard where the CHA determines that the project-based assistance will complement other local redevelopment activities designed to deconcentrate poverty and expand housing and economic opportunities in census tracts with poverty concentrations greater than 20 percent, such as sites in:

- A census tract in which the proposed development will be located in a HUD-designated Enterprise Zone, Economic Community, or Renewal Community;
- A census tract where the concentration of assisted units will be or has decreased as a result of public housing demolition and HOPE VI redevelopment;
- A census tract in which the proposed development will be located is undergoing significant revitalization as a result of state, local, or federal dollars invested in the area;
- A census tract where new market rate units are being developed where such market rate units will positively impact the poverty rate in the area;
- A census tract where there has been an overall decline in the poverty rate within the past five years; or
- A census tract where there are meaningful opportunities for educational and economic advancement.

Additionally, the CHA will strive to get as many CBRA units as possible in stable Charlotte neighborhoods, neighborhoods where there is an active neighborhood revitalization plan and/or neighborhoods along Charlotte's new transportation corridors, including the light rail. Priority will be given to developments that meet one or more of the following goals:

- Located in an area of low crime as determined by local law enforcement;
- Located in an area with access to high-performing public schools; or
- Located in neighborhoods within a mile of one of Charlotte's new transportation corridors, including light rail.

Inspecting Units

The CHA will waive the requirement for an initial HQS inspection on newly constructed project-based units and utilize a Certificate of Occupancy (CO) in lieu of an initial inspection.

Site-Based Administration

CHA's CBRA program will utilize simplified property management practices based on private management/private sector models instead of the traditional public housing authority managed project-based voucher model in order to simplify, streamline and enhance the delivery of management services to CBRA communities. The CHA will delegate to the Owner Entities' professional management companies the full responsibility of administering all aspects of the CBRA program. This includes: waiting list selection and administration, eligibility, admissions, and functions related to continued occupancy to include but not limited to regularly scheduled recertifications, interim recertifications and transfer moves, at the property level based on the community's approved tenant selection plan and the CHA's Administrative Plan. The Owner Entities' property management is also authorized to administer grievance processes provided that no-cause evictions are not permitted and all policies and practices comply with fair housing and other related requirements.

Lease

The CHA may waive the initial one year lease requirement in Supportive Housing development/programs.

Family Right to Move

CHA has received a waiver of 24 CFR 983.260 Family Right to Move, so that a family will not be offered the opportunity for continued tenant-based rental assistance if they terminate the lease at any time after one year of occupancy. Exceptions to the waiver may be made for:

- Occupancy of a wrong size unit due to change in family composition and property does not have an available unit that meets occupancy standards for the family's size;
- Reasonable accommodation;
- Victims of domestic violence, dating violence, or stalking; and
- Owner refusal to renew the lease without good cause.
- Tenants that occupied RAD -PBV units the time of conversion

Determining Rent to Owner

The CHA has an approved waiver of 24 CFR 983.301 in order to implement a more market competitive determination of rent to owner process for the Community Based Rental Assistance (CBRA) Program in order to:

- Create affordable housing developments through public/private partnerships using market principles that maximize the economic viability and sustainability of CHA's mix-income communities.
- Meet CHA's goals and objectives including but not limited to deconcentrating poverty, expanding housing and economic opportunities
- Facilitate self-sufficiency among low-income families by increasing access to community resources and amenities that improve quality of life.

CHA's determination of rent to owner process may determine contract rents on a project-by-project basis up to 120% of HUDs fair market rents (FMRs) based on independent market study and analysis. Exceptions to the CHA Payment Standards may be granted with Administration approval based on the following factors:

- The quality of the housing regardless of the submarket.
- The location of the housing with respect to its proximity to revitalization/transformation activities and other public development initiatives.
- CHA's de-concentration efforts
- CHA's RAD portfolio conversion

Rental Assistance Demonstration (RAD) Significant Amendment

The Housing Authority of the City of Charlotte is amending its FY2016 Moving Forward Annual Plan because it was a successful applicant in the Rental Assistance Demonstration (RAD). As a result, the Housing Authority of the City of Charlotte will be converting to Project Based Vouchers under the guidelines of PIH Notice 2012-32, REV-2 and any successor Notices. Upon conversion to Project Based Vouchers the Authority will adopt the PBV Residents Rights and Participation that cannot be altered by MTW flexibility. These are listed in Section 1.6.C & 1.6.D of PIH Notice 2012-32, REV-2. The PBV Resident Rights and Participation applicable to CHA's RAD conversion are appended to this Attachment. Additionally, the Housing Authority of the City of Charlotte is currently compliant with all fair housing and civil rights requirements and is not under a Voluntary Compliance Agreement.

RAD was designed by HUD to assist in addressing the capital needs of public housing by providing the Housing Authority of the City of Charlotte with access to private sources of capital to repair and preserve its affordable housing assets. Please be aware that upon conversion, the Authority's Capital Fund Budget will be reduced by the pro rata share of Public Housing Developments converted as part of the Demonstration, and that Housing Authority of the City of Charlotte may also borrow funds to address their capital needs. At this time, CHA will be researching all options and maintaining continued service requirements will be a high priority for the agency. We do not anticipate any reductions due to RAD.

The Housing Authority of the City of Charlotte will also be contributing Operating Reserves up to the maximum available amount per property as defined per the RAD notice, subject to HUD and Board approval. The Housing Authority of the City of Charlotte currently has debt under the Capital Fund Financing Program and will be working with US Bank to address outstanding debt issues. Regardless of any funding changes that may occur as a result of conversion under RAD, the Housing Authority of the City of Charlotte certifies that it will maintain its continued service level for its remaining portfolio of public housing units

Below, please find specific information related to the Public Housing Development (s) selected for RAD:

Total to convert under RAD: 3,399 Physical Units/3,277 Occupied Units

- A. CHA proposes a transfer of assistance for units at Hall House to Woodlawn, Prosperity Creek and Steele Creek.
- B. CHA proposes a transfer of assistance for current special use units at Southside Homes, Arbor Glen, Charlottetown Terrace, and Victoria Square to dwelling units at Boulevard Seniors and Boulevard Phase II.
- C. Upon conversion there will be changes in the policies that govern eligibility, admission, selection, and occupancy of units at the project sites after they have been converted. CHA will follow the HCV Administrative Plan and approved Tenant Selection plan for resident selection.
- D. CHA is currently compliant with all fair housing and civil rights requirements and is not under a Voluntary Compliance Agreement.

RAD PBV PROJECT SELECTION AND PROJECT CAP

PBV Project Selection

Maximum Amount of PBV Assistance

Covered projects do not count against the maximum amount of assistance a PHA may utilize for the PBV program.

Cap on Number of PBV Units in each Project

Fifty percent (50%) of the units in each project may receive PBV assistance. An assisted household cannot be involuntarily displaced as a result of this provision.

The CHA will provide Housing Choice Voucher Project-based assistance for up to 100% of units at properties owned directly or indirectly by the Agency, subject to HUD's requirements regarding subsidy layering.

An owner may still project-base 100 percent of the units provided at least 50 percent of the units at the project qualify for the exceptions for elderly, disabled, or families receiving supportive services, or are within single-family properties or in accordance with CHA MTW initiatives.

Families living in units subject to a proposed RAD conversion must be given the option to receive supportive services. If such services are declined by the household, the unit shall remain under the HAP contract, the household shall not be terminated from the PBV program, and the decision to decline an offer to receive supportive services shall not represent a ground for lease termination. Once the initial household residing in the excepted unit under RAD vacates such unit, all MTW / PBV program requirements related to the required receipt of supportive services shall apply

PBV CONTRACT TERMS AND CONTRACT RENTS

Length of Contract

Covered projects shall have an initial HAP term of at least 15 years and up to 20 years upon request of the PHA and with approval by the agency administering the vouchers.

Mandatory Contract Renewal

By statute, upon contract expiration, the agency administering the vouchers shall offer, and the PHA shall accept, renewal of the contract subject to the terms and conditions applicable at the time of renewal and the availability of appropriations each year for such renewal.

In the event that the HAP Contract is removed due to breach, non-compliance or insufficiency of Appropriations, for all units previously covered under the HAP Contract, new tenants must have incomes at or below 80 percent of the area median income at the time of admission and rents may not exceed 30% of 80% of median income for an appropriate size unit for the remainder of the term of the RAD Use Agreement.

Initial Contract Rents

Initial PBV contract rents are subject to the statutory and regulatory PBV requirements governing contract rents. Initial contract rents cannot exceed the lower of (a) the reasonable rent; (b) an amount determined by the PHA, not to exceed 120 percent of the applicable FMR (or

applicable exception payment standard), minus any utility allowance; or (c) the rent requested by the owner.

PHAs may adjust subsidy (and contract rents) across multiple projects. MTW agencies may use their MTW block grant funds to set their initial contract rents, subject to applicable program caps. HUD refers to this as “bundled” rents, and is permissible when a PHA submits applications for two or more projects. There is no limit to the number of projects that a PHA may bundle.

Adjusting Contract Rents

Contract rents will be adjusted annually by HUD’s Operating Cost Adjustment Factor (“OCAF”) at each anniversary of the HAP Contract, subject to the availability of appropriations for each year of the contract term. The rent to owner may at no time exceed the reasonable rent charged for comparable unassisted units in private market, as determined by the Contract Administrator. However, the rent to owner shall not be reduced below the initial rent to owner for dwelling units under the initial HAP Contract. MTW agencies may not alter this requirement.

Resident Rights, Participation, Waiting List and Grievance Procedures

Section 1.6. C. PBV Resident Rights and Participation

1. No Re-screening of Tenant upon Conversion

Current households are not subject to rescreening, income eligibility, or income targeting provisions. Current households will be subject to any ongoing eligibility requirements for actions that occur during tenancy.

2. Right to Return

Any residents which need to be temporarily relocated to facilitate rehabilitation or construction will have a right to return to an assisted unit at the development once rehabilitation or construction is completed. Where the transfer of assistance to a new site is warranted and approved residents of the converting development will have the right to reside in an assisted unit at the new site once rehabilitation or construction is complete. Households will need to meet eligibility requirements at the time of admission. Residents of a development undergoing conversion of assistance may voluntarily accept a HA or Owner’s offer to permanently relocate to another assisted unit, and thereby waive their right to return to the development after rehabilitation or construction is completed

3. Renewal of Lease

The HA must renew all leases upon lease expiration, unless cause exists. This provision must be incorporated by the PBV owner into the tenant lease or tenancy addendum, as appropriate.

4. Phase-in of Tenant Rent Increases

Charlotte Housing Authority will continue to utilize the Rent Reform initiative to calculate total tenant payment, so tenant rent increases are not anticipated. If a tenant's monthly rent increases by more than the greater of 10 percent or \$25 purely as a result of conversion, the rent increase will be phased in over 3 years.

Three Year Phase-in:

- Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 33% of difference between most recently paid TTP and the standard TTP
- Year 2: Year 2 Annual Recertification (AR) and any Interim Recertification (IR) prior to Year 3 AR – 66% of difference between most recently paid TTP and the standard TTP
- Year 3: Year 3 AR and all subsequent recertifications – Full standard TTP

5. Public Housing FSS, ROSS, and Jobs Plus Participants

Current PH FSS participants will continue to be eligible for FSS once their housing is converted under RAD, and PHAs will be allowed to use any PH FSS funds granted previously or pursuant to the FY 2013 PH FSS NOFA, to serve those FSS participants who live in units converted by RAD and who will as a result be moving to the HCV FSS program. A PHA must convert the PH FSS program participants at the covered project to their HCV FSS program.

Residents who were converted from the PH FSS program to the HCV FSS program through RAD may ~~not~~ be terminated from the HCV FSS program or have HCV assistance withheld due to the participant's failure to comply with the contract of participation. RAD-PBV participants who exit from the HCV Traditional FSS program and occupied a RAD-PBV unit at the time of conversion will be required to terminate their assistance upon exiting the program.

Current ROSS-SC grantees will be able to finish out their current ROSS-SC grants once their housing is converted under RAD. However, once the property is converted, it will no longer be eligible to be counted towards the unit count for future public housing ROSS-SC grants.

The Jobs Plus target project(s) under RAD will be able to finish out their Jobs Plus period of performance at the site. Existing grant requirements, including but not limited to Jobs Plus Earned Income Disregard will continue to be implemented.

6. Resident Participation and Funding

Residents of covered projects converting assistance to PBVs will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment and be eligible for resident participation funding contingent upon funding availability.

7. Resident's Procedural Rights

A. **Lease Termination.** In addition to the regulations at 24 CFR § 983.257, related to owner termination of tenancy and eviction, the termination procedure for RAD conversions to PBV will require that HAs provide adequate written notice of termination of the lease. In a case where the family has committed such an action or failure to act, the Project Owner may seek to evict the family and will do so by terminating the family's lease according to the following procedures.

B. **Notice of lease termination.** Before terminating a tenant's lease, the Project Owner must issue a written notice of lease termination to the tenant which shall not be less than:

i. A reasonable period of time, but not to exceed than thirty (30) days:

a. If the health or safety of other tenants, Project Owner or HA employees, or persons residing in the immediate vicinity of the premises is threatened; or

b. In the event of any drug-related or violent criminal activity or felony conviction;

ii. Ten (10) days in the case of nonpayment of rent;

iii. Thirty (30) days in every other case, except that if a state or local law provides for a shorter period of time, such shorter period shall apply;

iv. Any notice of lease termination must contain the following information.

a. The reasons for the lease termination with enough specificity to permit the tenant to prepare a defense;

b. A statement of the tenant's right to request an informal grievance hearing from the Project Owner within five (5) business days of the tenant's receipt of the notice of lease termination;

c. The opportunity to examine before the informal grievance hearing any relevant documents, records, or regulations, in the Project Owner's possession, including the tenant file, directly relating to the matter. The tenant shall be allowed to copy any such document at the tenant's expense. If the Project Owner does not make the document available for examination upon request by the resident, the Project Owner may not rely on such document at the informal grievance hearing.

d. The rights of tenants pursuant to the requirements of 24 CFR Part 5, Subpart L, involving protections for victims of domestic violence, dating violence, sexual assault, or stalking; and

e. The right of tenants to request a reasonable accommodation based on a disability, in accordance with 24 CFR Part 8.

- C. **Grievance Hearing.** In addition to reasons that require an opportunity for an informal hearing given in 24 CFR § 982.555(a)(1)(i)-(vi),³¹ an opportunity for an informal hearing must be given to residents for any dispute that a resident may have with respect to a HA (as owner) action in accordance with the individual's lease or the contract administrator in accordance with RAD PBV requirements that adversely affect the resident's rights, obligations, welfare, or status.
- i. For any hearing required under 24 CFR § 982.555(a)(1)(i)-(vi), the contract administrator will perform the hearing, as is outlined in Chapter 16 of the Housing Choice Voucher Administrative Plan.
 - ii. For any additional hearings required under RAD, the HA (as owner) will perform the hearing.
 - iii. There is no right to an informal hearing for class grievances or to disputes between residents not involving the Project Owner or contract administrator.
 - iv. The Project Owner gives residents notice of their ability to request an informal hearing as outlined in 24 CFR § 982.555 (c) (1) for informal hearings that will address circumstances that fall outside of the scope of 24 CFR § 982.555 (a) (1) (i)-(vi).
- D. **Informal Hearing.** The Project Owner provides opportunity for an informal hearing before an eviction as described below:
- a. Request for informal grievance hearing. The tenant shall submit a written request for a hearing to the Project Owner within ten (10) business days of receipt of notice of the adverse action taken by the Project Owner. The written request shall specify:
 - i. The reasons for the grievance; and
 - ii. The action or relief sought.
 - b. Selection of Hearing Officer or Hearing Panel.
 - i. An informal grievance hearing shall be conducted by an impartial person or persons appointed by the Project Owner other than a person who made or approved the action under review or a subordinate of such person.
 - c. Scheduling of hearings. Once the tenant properly requests the hearing, the hearing shall be scheduled by the hearing officer or hearing panel promptly for a time and place reasonably convenient to both the tenant and the Project Owner. A written notification specifying the time, place and the procedures governing the informal hearing shall be issued to the tenant at least five (5) calendar days before the informal hearing.
 - d. **Hearing Requirements**
 - i. The tenant shall be afforded a fair hearing, which shall include:
 - a) The opportunity to examine before the informal grievance hearing any relevant documents, records, or regulations, in the Project Owner's possession, including the tenant file, directly relating to the matter. The tenant shall be allowed to copy any such document at the tenant's expense. If the Project Owner does not make the document available for examination upon request by the resident, the Project Owner may not rely on such document at the informal grievance hearing.
 - b) The right to be represented by counsel or other person chosen as the tenant's representative, and to have such person make statements on the tenant's behalf;

- c) The right to a private hearing;
 - d) The right to present evidence and arguments in support of the tenant's complaint, to controvert evidence relied on by the Project Owner, and to confront and cross-examine all witnesses upon whose testimony or information the Project Owner relies; and
 - e) A decision based solely and exclusively upon the facts presented at the hearing.
- ii. The hearing officer or hearing panel may render a decision without proceeding with the hearing if the hearing officer or hearing panel determines that the issue has been previously decided in another proceeding.
 - iii. If the tenant fails to appear at a scheduled hearing, the hearing officer or hearing panel may make a determination that the party has waived his right to a hearing. Both the tenant and the Project Owner shall be notified of the determination by the hearing officer or hearing panel: *Provided*, That a determination that the tenant has waived his right to a grievance hearing shall not constitute a waiver of any right the tenant may have to contest the disposition of the grievance in an appropriate judicial proceeding.
 - iv. At the hearing, the tenant must first make a showing of an entitlement to the relief sought and thereafter the Project Owner must sustain the burden of justifying the Project Owner's action or failure to act against which the complaint is directed.
 - v. The hearing shall be conducted informally by the hearing officer or hearing panel and oral or documentary evidence pertinent to the facts and issues raised by the complaint may be received without regard to admissibility under the rules of evidence applicable to judicial proceedings. The hearing officer or hearing panel shall require the Project Owner, the tenant, counsel and other participants to conduct themselves in an orderly fashion. Failure to comply with the directions of the hearing officer or hearing panel to obtain order may result in exclusion from the proceedings or in a decision adverse to the interests of the disorderly party and granting or denial of the relief sought, as appropriate.

8. Establishment of Waiting List

In establishing the waiting list for the converted project, the PHA shall utilize the project-specific waiting list that existed at the time of conversion. In addition, the waiting list must be maintained in accordance with PBV program requirements.

9. Choice-Mobility

Under the RAD-PBV program, converting residents are eligible to the right to move with a tenant based rental assistance voucher after 12 months of occupancy after conversion. (24CFR 983.260). Once the initial converting resident vacates, all MTW/ PBV waivers/requirements related to choice mobility shall apply. The tenant based voucher comes from an existing voucher supply from the PHA and is subject to availability. The PHA will set aside 75% of turnover vouchers to be utilized for converting residents. If a tenant-based rental assistance voucher is unavailable, the family will be placed on a waiting list until such time that one becomes available.

10. Agreement Waiver

For public housing conversions to PBV, there will be no Agreement to Enter into a Housing Assistance Payments (AHAP) contract. Therefore, all regulatory references to the Agreement (AHAP), including regulations under 24 CFR Part 983 Subpart D are waived.

11. Inspections

The PBV requirements related to inspection shall apply to all RAD PBV units.

12. When Total Tenant Payment Exceeds Gross Rent (over subsidy)

If at the time of conversion, the resident's total tenant payment exceeds the Gross Rent of the unit, the tenant will be required to pay the Gross Rent. The unit will be considered part of the HAP contract, and will remain eligible to receive future assistance should the resident's income decrease. In addition, the regulation requiring termination of assistance if a household does not receive subsidy for 180 days is also waived. Following conversion, all MTW / PBV over subsidy regulations will apply.

13. Under-occupied units

If a family is in an under-occupied unit at the time of conversion, the family may remain in this unit until an appropriate sized unit becomes available in the covered project, but will be subject to move to an appropriate size unit once one becomes available. . Following conversion, all MTW / PBV regulations will apply.

PBV: Other Miscellaneous Provisions

- 1. Access to Records, Including Requests for Information Related to Evaluation of Demonstration.** PHAs must agree to any reasonable HUD request for data to support program evaluation, including but not limited to project financial statements, operating data, Choice-Mobility utilization, and rehabilitation work. Please see Appendix IV for reporting units in Form HUD-50058.
- 2. Additional Monitoring Requirement.** The PHA's Board must approve the operating budget for the covered project annually in accordance with HUD requirements.
- 3. Davis-Bacon Act and Section 3 of the Housing and Urban Development Act of 1968 (Section 3).** Under existing PBV program rules, projects that qualify as "existing housing" under 24 CFR § 983.52(a) are not subject to Davis-Bacon (prevailing wages, the Contract Work Hours and Safety Standards Act, and other related regulations, rules, and requirements) or Section 3 (24 CFR Part 135). However, the Davis-Bacon Act and Section 3 shall apply to all initial repairs that are identified in the Financing Plan to the extent that such repairs qualify as

construction or rehabilitation, regardless of whether the project qualifies as “existing housing.” Developmental requirements under 24 CFR §983.154 and fair housing provisions under 24 CFR § 983.152(c)(vi) continue to apply.

- 4. Mandatory Insurance Coverage.** The project shall maintain at all times commercially available property and liability insurance to protect the project from financial loss and, to the extent insurance proceeds permit, promptly restore, reconstruct, and/or repair any damaged or destroyed property of a project, except with the written approval of HUD to the contrary.
- 5. Future Refinancing.** Owners must receive HUD approval for any refinancing or restructuring of permanent debt within the HAP contract term to ensure the financing is consistent with long-term preservation. (Current lenders and investors are also likely to require review and approval of refinancing of the primary permanent debt.)
- 6. Administrative Fees for Public Housing Conversions.** For the initial Calendar Year in which a project’s assistance has been converted, RAD PBV projects will be funded with public housing money. Since the public housing funding will not have been transferred to the TBRA account and since this funding is not section 8 assistance the annual contributions contract (ACC) between the PHA and HUD will cover the project units, but be for zero dollars. For this transition period, the ACC will primarily serve as the basis for covering the units and requiring PHA compliance with HUD requirements, but it will not be (as it is in the regular PBV program) the funding vehicle for the PBV RAD vouchers. Given this, and given the fact that PHAs will be receiving full public housing funding for the PBV units during this transition period, PHAs will not receive ongoing section 8 administrative fee funding during this time.
³² For PBV conversions that are not FHA-insured, a future HUD notice will describe project financial data that may be required to be submitted by a PBV owner for purposes of the evaluation, given that PBV projects do not submit annual financial statements to HUD/REAC.

Generally, PHAs receive ongoing administrative fees for units under a HAP contract, consistent with recent appropriation act references to "section 8(q) of the [United States Housing Act of 1937] and related appropriations act provisions in effect immediately before the Quality Housing and Responsibility Act of 1998" and 24 CFR 982.152(b). During the transition period mentioned in the preceding paragraph, these provisions are waived, and PHAs will not receive section 8 ongoing administrative fees for PBV RAD units.

After this transition period, the ACC will be amended to include section 8 funding that corresponds to the units covered by the ACC. At that time, the regular section 8 administrative fee funding provisions will apply.

Site Selection and Neighborhood Standards Review

CHA has analyzed all currently known replacement sites for those RAD conversions that involve transfer of assistance. All proposed sites meet the current MTW Site and Neighborhood Standards as defined in CHA’s MTW Agreement.

.....

Relocation Plans

Charlotte Housing Authority anticipates relocation at only one community, Tall Oaks, which is currently under redevelopment. However, should future renovation or redevelopment plans require relocation, Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 will be followed as applicable. Households will need to meet eligibility requirements at the time of admission.

Significant Amendment Definition

As part of the Rental Assistance Demonstration (RAD), the Housing Authority of the City of Charlotte is redefining the definition of a substantial deviation from the MTW Plan to exclude the following RAD-specific items:

- a. Changes to the Capital Fund Budget produced as a result of each approved RAD Conversion, regardless of whether the proposed conversion will include use of additional Capital Funds;
- b. Changes to the construction and rehabilitation plan for each approved RAD conversion;
- c. Decisions or changes related to the financing structures for each approved RAD conversion including decisions to allocate PHA financial resources as a source of funds to support the RAD conversion initiatives; and
- d. Decisions to apply MTW programmatic flexibility to post-conversion RAD developments.
