

Charlotte Housing Authority

Highlights of the Second Amendment to the Charlotte Housing Authority’s Fiscal Year 2015 – 2016 Moving Forward Annual Plan and Amendments to the Housing Choice Voucher Administrative Plan

The public review and comment period for this amendment runs October 16 through November 17, 2015. The full write up of the amendment details can be viewed at the Main Branch of the Charlotte-Mecklenburg Public Library, City of Charlotte Old City Hall, and CHA’s Administrative Office, CHA managed public housing developments, and the agency website. Any person who wishes to provide comments to the Board of Commissioners regarding the amendments is invited to speak at a Public Hearing that will be held on November 17, 2015 at 5 pm at 400 East Blvd. Comments received before or during the Public Hearing will be provided to both the Board of Commissioners and Moving To Work staff at the U.S. Department of Housing and Urban Development and taken into consideration for the final write up submitted to HUD for approval.

Moving Forward Annual Plan – Appendix L

The Housing Authority of the City of Charlotte is amending its Community Based Rental Assistance Policy in order to increase the cap on the number of project based units it may have that directly or indirectly are owned by the Agency to 100%.

Moving Forward Annual Plan – Appendix V

The Housing Authority of the City of Charlotte is amending its FY2016 Moving Forward Annual Plan in accordance with the required procedures as a successful applicant in the Rental Assistance Demonstration Program (RAD). As a result, the Housing Authority of the City of Charlotte will be converting to Project Based Vouchers under the guidelines of PIH Notice 2012-32, REV-2 and any successor Notices.

Moving Forward Annual Plan – Appendix U

The agency is modifying the activity titled “*Streamline Project-Based Vouchers (PBV) and Public Housing Regulations*”. The modification would authorize the CHA to inspect its own PBV units, as an activity titled “*Implement a Single Platform for Inspections*”. This activity would also exclude the inspection of common areas such as playgrounds and pools. Additionally, the agency is creating a new activity modifying the definition of elderly, from head or co-head or spouse age 62 or older **to** head or co-head or spouse age 55 or older.

HCV Administrative Plan

The Moving Forward Annual Plan changes will be incorporated in Chapters 8 and 17 of the Housing Choice Voucher Program’s Administrative Plan, These amendments are designed to integrate the necessary flexibility of utilizing CHA’s UPCS certified/trained inspectors for inspections located at properties that the agency and/or its subsidiaries have ownership interest in; and the flexibility with UPCS protocol and CHA’s RAD policy.

If you would like to view the entire copy of the Fiscal Year 2015 – 2016 Annual Plan or the Housing Choice Voucher Administrative Plan, please visit <http://www.cha-nc.org/resources> or visit our office located at 400 East Boulevard during the hours of 8:00 a.m. – 5:00 p.m. If you have any questions regarding the Amendments, please contact Gwenarda Isley, Moving To Work Coordinator, 704.432.5557.

Appendix V

Charlotte Housing Authority 2nd Amendment to the FY2016 Moving Forward Annual Plan

Rental Assistance Demonstration (RAD) Significant Amendment

The Housing Authority of the City of Charlotte is amending its FY2016 Moving Forward Annual Plan because it was a successful applicant in the Rental Assistance Demonstration (RAD). As a result, the Housing Authority of the City of Charlotte will be converting to Project Based Vouchers under the guidelines of PIH Notice 2012-32, REV-2 and any successor Notices. Upon conversion to Project Based Vouchers the Authority will adopt the PBV Residents Rights and Participation that cannot be altered by MTW flexibility. These are listed in Section 1.6.C & 1.6.D of PIH Notice 2012-32, REV-2. The PBV Resident Rights and Participation applicable to CHA's RAD conversion are appended to this Attachment. Additionally, the Housing Authority of the City of Charlotte is currently compliant with all fair housing and civil rights requirements and is not under a Voluntary Compliance Agreement.

RAD was designed by HUD to assist in addressing the capital needs of public housing by providing the Housing Authority of the City of Charlotte with access to private sources of capital to repair and preserve its affordable housing assets. Please be aware that upon conversion, the Authority's Capital Fund Budget will be reduced by the pro rata share of Public Housing Developments converted as part of the Demonstration, and that Housing Authority of the City of Charlotte may also borrow funds to address their capital needs. At this time, CHA will be researching all options and maintaining continued service requirements will be a high priority for the agency. We do not anticipate any reductions due to RAD.

The Housing Authority of the City of Charlotte will also be contributing Operating Reserves up to the maximum available amount per property as defined per the RAD notice, subject to HUD and Board approval. The Housing Authority of the City of Charlotte currently has debt under the Capital Fund Financing Program and will be working with US Bank to address outstanding debt issues. Regardless of any funding changes that may occur as a result of conversion under RAD, the Housing Authority of the City of Charlotte certifies that it will maintain its continued service level for its remaining portfolio of public housing units

Below, please find specific information related to the Public Housing Development (s) selected for RAD:

Appendix V

Name of Public Housing Development: Southside	PIC Development ID: NC003000003	Conversion type: PBV	Transfer of Assistance: 2 units
Total Units: 394	Pre-RAD Unit Type: Family	Post-RAD Unit Type if different:	Capital Fund allocation of Development: \$529,754
Bedroom Type	Number of Units Pre-Conversion	Number of Units Post-Conversion	Change in Number of Units per Bedroom Type and Why (De Minimis Reduction, Transfer of Assistance, Unit Reconfigurations, Etc.)
Studio/Efficiency	0	0	0
One Bedroom	65	73	8
Two Bedroom	233	221	-12
Three Bedroom	86	88	2
Four Bedroom	10	10	0
Five Bedroom	0	0	0
Six Bedroom	0	0	0
Total Units	394	392	-2 (special use units)
If performing a Transfer of Assistance:	The Transfer of Assistance is related to special use units, therefore no transfer of waiting list is necessary		
# of Elderly, Disabled, or Receiving Supportive Services ¹ :	392		

Name of Public Housing Development: First Ward	PIC Development ID: NC003000005	Conversion type: PBV	Transfer of Assistance: None
Total Units: 132	Pre-RAD Unit Type: Family	Post-RAD Unit Type if different:	Capital Fund allocation of Development: \$191,069
Bedroom Type	Number of Units Pre-Conversion	Number of Units Post-Conversion	Change in Number of Units per Bedroom Type and Why (De Minimis Reduction, Transfer of Assistance, Unit Reconfigurations, Etc.)
Studio/Efficiency	0	0	0
One Bedroom	8	8	0
Two Bedroom	68	68	0
Three Bedroom	43	43	0
Four Bedroom	12	12	0
Five Bedroom	1	1	0
Six Bedroom	0	0	0
Total Units	132	132	0
If performing a Transfer of Assistance:	N/A		
# of Elderly, Disabled, or Receiving Supportive Services:	132		

¹ CHA meets the RAD notice to Project-Base 100% of the units because the number of families that are elderly, disabled or eligible to receive supportive services exceeds 50% of the total RAD PBV units.

Total to convert under RAD: 3,399 Physical Units/3,277 Occupied Units

1. CHA proposes a transfer of assistance for units at Hall House to Woodlawn, Prosperity Creek and Steele Creek.
2. CHA proposes a transfer of assistance for current special use units at Southside Homes, Arbor Glen, Charlottetown Terrace, and Victoria Square to dwelling units at Boulevard Seniors and Boulevard Phase II.
3. Upon conversion there will be changes in the policies that govern eligibility, admission, selection, and occupancy of units at the project sites after they have been converted. CHA will follow the HCV Administrative Plan and approved Tenant Selection plan for resident selection.
4. CHA is currently compliant with all fair housing and civil rights requirements and is not under a Voluntary Compliance Agreement.

RAD PBV PROJECT SELECTION AND PROJECT CAP

PBV Project Selection

Maximum Amount of PBV Assistance

Covered projects do not count against the maximum amount of assistance a PHA may utilize for the PBV program.

Cap on Number of PBV Units in each Project

Fifty percent (50%) of the units in each project may receive PBV assistance. An assisted household cannot be involuntarily displaced as a result of this provision.

An owner may still project-base 100 percent of the units provided at least 50 percent of the units at the project qualify for the exceptions for elderly, disabled, or families receiving supportive services, or are within single-family properties or in accordance with CHA MTW initiatives.

Families living in units subject to a proposed RAD conversion must be given the option to receive supportive services. If such services are declined by the household, the unit shall remain under the HAP contract, the household shall not be terminated from the PBV program, and the decision to decline an offer to receive supportive services shall not represent a ground for lease termination. Once the initial household residing in the excepted unit under RAD vacates such unit, all MTW / PBV program requirements related to the required receipt of supportive services shall apply

PBV CONTRACT TERMS AND CONTRACT RENTS

Length of Contract

Covered projects shall have an initial HAP term of at least 15 years and up to 20 years upon request of the PHA and with approval by the agency administering the vouchers.

Mandatory Contract Renewal

By statute, upon contract expiration, the agency administering the vouchers shall offer, and the PHA shall accept, renewal of the contract subject to the terms and conditions applicable at the time of renewal and the availability of appropriations each year for such renewal.

In the event that the HAP Contract is removed due to breach, non-compliance or insufficiency of Appropriations, for all units previously covered under the HAP Contract, new tenants must have incomes at or below 80 percent of the area median income at the time of admission and rents may not exceed 30% of 80% of median income for an appropriate size unit for the remainder of the term of the RAD Use Agreement.

Initial Contract Rents

Initial PBV contract rents are subject to the statutory and regulatory PBV requirements governing contract rents. Initial contract rents cannot exceed the lower of (a) the reasonable rent; (b) an amount determined by the PHA, not to exceed 120 percent of the applicable FMR (or applicable exception payment standard), minus any utility allowance; or (c) the rent requested by the owner.

PHAs may adjust subsidy (and contract rents) across multiple projects. MTW agencies may use their MTW block grant funds to set their initial contract rents, subject to applicable program

caps. HUD refers to this as “bundled” rents, and is permissible when a PHA submits applications for two or more projects. There is no limit to the number of projects that a PHA may bundle.

Adjusting Contract Rents

Contract rents will be adjusted annually by HUD’s Operating Cost Adjustment Factor (“OCAF”) at each anniversary of the HAP Contract, subject to the availability of appropriations for each year of the contract term. The rent to owner may at no time exceed the reasonable rent charged for comparable unassisted units in private market, as determined by the Contract Administrator. However, the rent to owner shall not be reduced below the initial rent to owner for dwelling units under the initial HAP Contract. MTW agencies may not alter this requirement.

Resident Rights, Participation, Waiting List and Grievance Procedures

Section 1.6. C. PBV Resident Rights and Participation

1. No Re-screening of Tenant upon Conversion

Current households are not subject to rescreening, income eligibility, or income targeting provisions. Current households will be subject to any ongoing eligibility requirements for actions that occur during tenancy.

2. Right to Return

Any residents which need to be temporarily relocated to facilitate rehabilitation or construction will have a right to return to an assisted unit at the development once rehabilitation or construction is completed. Where the transfer of assistance to a new site is warranted and approved residents of the converting development will have the right to reside in an assisted unit at the new site once rehabilitation or construction is complete. Households will need to meet eligibility requirements at the time of admission. Residents of a development undergoing conversion of assistance may voluntarily accept a HA or Owner’s offer to permanently relocate to another assisted unit, and thereby waive their right to return to the development after rehabilitation or construction is completed

3. Renewal of Lease

The HA must renew all leases upon lease expiration, unless cause exists. This provision must be incorporated by the PBV owner into the tenant lease or tenancy addendum, as appropriate.

4. Phase-in of Tenant Rent Increases

Charlotte Housing Authority will continue to utilize the Rent Reform initiative to calculate total tenant payment, so tenant rent increases are not anticipated. If a tenant’s

monthly rent increases by more than the greater of 10 percent or \$25 purely as a result of conversion, the rent increase will be phased in over 3 years.

Three Year Phase-in:

- Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 33% of difference between most recently paid TTP and the standard TTP
- Year 2: Year 2 Annual Recertification (AR) and any Interim Recertification (IR) prior to Year 3 AR – 66% of difference between most recently paid TTP and the standard TTP
- Year 3: Year 3 AR and all subsequent recertifications – Full standard TTP

5. Public Housing FSS, ROSS, and Jobs Plus Participants

Current PH FSS participants will continue to be eligible for FSS once their housing is converted under RAD, and PHAs will be allowed to use any PH FSS funds granted previously or pursuant to the FY 2013 PH FSS NOFA, to serve those FSS participants who live in units converted by RAD and who will as a result be moving to the HCV FSS program. A PHA must convert the PH FSS program participants at the covered project to their HCV FSS program.

Residents who were converted from the PH FSS program to the HCV FSS program through RAD may not be terminated from the HCV FSS program or have HCV assistance withheld due to the participant's failure to comply with the contract of participation.

Current ROSS-SC grantees will be able to finish out their current ROSS-SC grants once their housing is converted under RAD. However, once the property is converted, it will no longer be eligible to be counted towards the unit count for future public housing ROSS-SC grants.

The Jobs Plus target project(s) under RAD will be able to finish out their Jobs Plus period of performance at the site. Existing grant requirements, including but not limited to Jobs Plus Earned Income Disregard will continue to be implemented.

6. Resident Participation and Funding

Residents of covered projects converting assistance to PBVs will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment and be eligible for resident participation funding contingent upon funding availability.

7. Resident's Procedural Rights

In addition to the regulations at 24 CFR § 983.257, related to owner termination of tenancy and eviction, the termination procedure for RAD conversions to PBV will require that HAs provide adequate written notice of termination of the lease which shall be not less than:

- a. A reasonable period of time, but not to exceed 30 days:
 - i. If the health or safety of other tenants, PHA employees, or persons residing in the immediate vicinity of the premises is threatened; or
 - ii. In the event of any drug-related or violent criminal activity or any felony conviction;
- b. 14 days in the case of nonpayment of rent; and
- c. 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply.

In addition to reasons that require an opportunity for an informal hearing given in 24 CFR § 982.555(a)(1)(i)-(vi),³¹ an opportunity for an informal hearing must be given to residents for any dispute that a resident may have with respect to a HA (as owner) action in accordance with the individual's lease or the contract administrator in accordance with RAD PBV requirements that adversely affect the resident's rights, obligations, welfare, or status.

o For any hearing required under 24 CFR § 982.555(a)(1)(i)-(vi), the contract administrator will perform the hearing, as is outlined in Chapter 16 of the Housing Choice Voucher Administrative Plan.

o For any additional hearings required under RAD, the HA (as owner) will perform the hearing.

There is no right to an informal hearing for class grievances or to disputes between residents not involving the Project Owner or contract administrator.

The Project Owner gives residents notice of their ability to request an informal hearing as outlined in 24 CFR § 982.555 (c) (1) for informal hearings that will address circumstances that fall outside of the scope of 24 CFR § 982.555 (a) (1) (i)-(vi).

The Project Owner provides opportunity for an informal hearing before an eviction.

8. Establishment of Waiting List

In establishing the waiting list for the converted project, the PHA shall utilize the project-specific waiting list that existed at the time of conversion. In addition, the waiting list must be maintained in accordance with PBV program requirements.

9. Choice-Mobility

Under the RAD-PBV program, converting residents are eligible to the right to move with a tenant based rental assistance voucher after 12 months of occupancy after conversion. (24CFR 983.260). Once the initial converting resident vacates, all MTW/ PBV wavers/requirements related to choice mobility shall apply. The tenant based voucher comes from an existing voucher supply from the PHA and is subject to availability. The PHA will set aside 75% of turnover vouchers to be utilized for converting residents. If a tenant-based rental assistance voucher is unavailable, the family will be placed on a waiting list until such time that one becomes available.

10. Agreement Waiver

For public housing conversions to PBV, there will be no Agreement to Enter into a Housing Assistance Payments (AHAP) contract. Therefore, all regulatory references to the Agreement (AHAP), including regulations under 24 CFR Part 983 Subpart D are waived.

11. Inspections

The PBV requirements related to inspection shall apply to all RAD PBV units.

12. When Total Tenant Payment Exceeds Gross Rent (over subsidy)

If at the time of conversion, the resident's total tenant payment exceeds the Gross Rent of the unit, the tenant will be required to pay the Gross Rent. The unit will be considered part of the HAP contract, and will remain eligible to receive future assistance should the resident's income decrease. In addition, the regulation requiring termination of assistance if a household does not receive subsidy for 180 days is also waived. Following conversion, all MTW / PBV over subsidy regulations will apply.

13. Under-occupied units

If a family is in an under-occupied unit at the time of conversion, the family may remain in this unit until an appropriate sized unit becomes available in the covered project, but will be subject to move to an appropriate size unit once one becomes available.

PBV: Other Miscellaneous Provisions

- 1. Access to Records, Including Requests for Information Related to Evaluation of Demonstration.** PHAs must agree to any reasonable HUD request for data to

support program evaluation, including but not limited to project financial statements, operating data, Choice-Mobility utilization, and rehabilitation work. Please see Appendix IV for reporting units in Form HUD-50058.

2. **Additional Monitoring Requirement.** The PHA's Board must approve the operating budget for the covered project annually in accordance with HUD requirements.
3. **Davis-Bacon Act and Section 3 of the Housing and Urban Development Act of 1968 (Section 3).** Under existing PBV program rules, projects that qualify as "existing housing" under 24 CFR § 983.52(a) are not subject to Davis-Bacon (prevailing wages, the Contract Work Hours and Safety Standards Act, and other related regulations, rules, and requirements) or Section 3 (24 CFR Part 135). However, the Davis-Bacon Act and Section 3 shall apply to all initial repairs that are identified in the Financing Plan to the extent that such repairs qualify as construction or rehabilitation, regardless of whether the project qualifies as "existing housing." Developmental requirements under 24 CFR §983.154 and fair housing provisions under 24 CFR § 983.152(c)(vi) continue to apply.
4. **Mandatory Insurance Coverage.** The project shall maintain at all times commercially available property and liability insurance to protect the project from financial loss and, to the extent insurance proceeds permit, promptly restore, reconstruct, and/or repair any damaged or destroyed property of a project, except with the written approval of HUD to the contrary.
5. **Future Refinancing.** Owners must receive HUD approval for any refinancing or restructuring of permanent debt within the HAP contract term to ensure the financing is consistent with long-term preservation. (Current lenders and investors are also likely to require review and approval of refinancing of the primary permanent debt.)
6. **Administrative Fees for Public Housing Conversions.** For the initial Calendar Year in which a project's assistance has been converted, RAD PBV projects will be funded with public housing money. Since the public housing funding will not have been transferred to the TBRA account and since this funding is not section 8 assistance the annual contributions contract (ACC) between the PHA and HUD will cover the project units, but be for zero dollars. For this transition period, the ACC will primarily serve as the basis for covering the units and requiring PHA compliance with HUD requirements, but it will not be (as it is in the regular PBV program) the funding vehicle for the PBV RAD vouchers. Given this, and given the fact that PHAs will be receiving full public housing funding for the PBV units during this transition period, PHAs will not receive ongoing section 8 administrative fee funding during this time.

³² For PBV conversions that are not FHA-insured, a future HUD notice will describe project financial data that may be required to be submitted by a PBV owner for purposes of the evaluation, given that PBV projects do not submit annual financial statements to HUD/REAC.

Generally, PHAs receive ongoing administrative fees for units under a HAP contract, consistent with recent appropriation act references to "section 8(q) of the [United States Housing Act of 1937] and related appropriations act provisions in effect immediately before the Quality Housing and Responsibility Act of 1998" and 24 CFR 982.152(b). During the transition period mentioned in the preceding paragraph, these provisions are waived, and PHAs will not receive section 8 ongoing administrative fees for PBV RAD units.

After this transition period, the ACC will be amended to include section 8 funding that corresponds to the units covered by the ACC. At that time, the regular section 8 administrative fee funding provisions will apply.

.....

Site Selection and Neighborhood Standards Review

CHA has analyzed all currently known replacement sites for those RAD conversions that involve transfer of assistance. All proposed sites meet the current MTW Site and Neighborhood Standards as defined in CHA's MTW Agreement.

.....

Relocation Plans

Charlotte Housing Authority anticipates relocation at only one community, Tall Oaks, which is currently under redevelopment. However, should future renovation or redevelopment plans require relocation, Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 will be followed as applicable. Households will need to meet eligibility requirements at the time of admission.

.....

Significant Amendment Definition

As part of the Rental Assistance Demonstration (RAD), the Housing Authority of the City of Charlotte is redefining the definition of a substantial deviation from the MTW Plan to exclude the following RAD-specific items:

- a. Changes to the Capital Fund Budget produced as a result of each approved RAD Conversion, regardless of whether the proposed conversion will include use of additional Capital Funds;
- b. Changes to the construction and rehabilitation plan for each approved RAD conversion;

Appendix V

- c. Decisions or changes related to the financing structures for each approved RAD conversion including decisions to allocate PHA financial resources as a source of funds to support the RAD conversion initiatives; and
- d. Decisions to apply MTW programmatic flexibility to post-conversion RAD developments.

APPENDIX L

COMMUNITY BASED RENTAL ASSISTANCE POLICY

Revised May 2013

Overview

The CHA's Community Based Rental Assistance (CBRA) program (also known as the project-based voucher program) encompasses traditional project-based voucher units, Special Needs units (elderly, disabled, supportive housing, supportive service, and homeless), and pilot local rental subsidy programs. The CHA will determine the percentage of housing choice voucher assistance that is project-based under the CBRA program based on organizational strategic goals and public housing authority and/or City/County revitalization efforts.

Simplification of the Process to Project-Base Units

The CHA will utilize a simplified owner proposal selection process to project-base vouchers. The CHA will select CBRA proposals by any of the following methods:

Units Owned by CHA. The CHA is authorized to project-base Section 8 assistance at properties owned directly or indirectly by the Agency, subject to HUD's requirements regarding subsidy layering. Project-based assistance for such owned units does not need to be competitively bid, nor are the owned units subject to any assessments for voluntary conversion. Direct or indirect ownership interest includes, but is not limited to:

- CHA participation as a member in a tax credit or other LLC;
- Direct or indirect ownership interest through a CHA subsidiary;
- CHA ownership of the land on which the community has been or is to be developed; or
- The CHA is funding a portion of the construction costs of the community and subsidizing the operating costs or rents of the community for low income families.

Request for Proposals. The CHA may solicit proposals by using a request for proposals (RFP) process. The RFP process will select proposals on a competitive basis. The CHA will not limit proposals to a single site or impose restrictions that explicitly or practically preclude owner submission of proposals for project-based housing on different sites.

Proposals that were Previously Selected Based on Competition. The CHA may consider an application and select a proposal for housing assisted under a federal, state, or local government housing assistance, community development, or supportive services program (e.g. Low Income Housing Tax Credit (LIHTC), HOME, Housing Trust Fund, Affordable Housing Program, etc.) that included a competitive process. The CHA may consider such applications only if housing was competitively selected within three years of the proposal selection date and where

the earlier competitive proposal did not involve any consideration that the project would receive project-based voucher assistance.

Joint Requests for Proposals with the City and State. The CHA may award project-based voucher assistance via competitive process for other affordable housing funds to maximize the impact of its project-based vouchers and to minimize the number of application processes developers face.

Solicitation and Selection of Proposals

CHA will accept proposals on an ongoing basis. CHA may periodically advertise its request for proposals (RFP) for the target categories in The Charlotte Observer. In addition to, or in place of advertising, CHA may also directly contact specific owners that have already been selected through one of the competitive processes above to inform them of available project based assistance.

In order for the proposal to be considered, the proposal must respond to all requirements as outlined in the RFP. Incomplete proposals will not be reviewed.

The CHA will rate and rank proposals for in the target categories using the following

criteria: *Family Units*

1. Must be located in a permissible area which meet CHA's goals and objectives including but not limited to deconcentrating poverty, expanding housing and economic opportunities as defined by the City of Charlotte's Housing Locational Policy, a City/County approved HouseCharlotte Neighborhood Statistical Area (NSA), or other public housing authority, City/County, or HUD target revitalization area.
2. Families must have one member either working or participating in a work support program. Families must also be participating in a self-sufficiency program. Not all of the PBV units at family sites have an FSS requirement
3. No more than 25% of the units in a family development will be project-based unless the development is providing some level of supportive services. (*This does not apply to senior and special needs housing*).
4. Developments in neighborhoods within a mile of one of Charlotte's new transportation corridors, including light rail, will be given second priority.

Formatted: Font: 12 pt, Font color: Black, Character scale: 100%, Condensed by 0.1 pt

Formatted: Right: 0.3", Space Before: 6.35 pt, Line spacing: Exactly 13.65 pt, Tab stops: Not at 0.25"

Formatted: Font: Italic

Special Needs Units

1. Category includes units for homeless, disabled, domestic violence, transitional youth and other special needs.
2. Services must be being provided onsite or in coordination with the housing. Higher levels of service provision will be given first priority.
- ~~3.~~ Must be located in a permissible area which meet CHA's goals and objectives including but not limited to deconcentrating poverty, expanding housing and economic opportunities as defined by the City of Charlotte's Housing Locational Policy, a City/County approved HouseCharlotte

~~Neighborhood Statistical Area (NSA), or other public housing authority, City/County, or HUD target revitalization area. Exceptions may be made for special needs units where the poverty rate does not exceed 20%, or the trend in the poverty rate is positive.~~

4. Developments in neighborhoods within a mile of one of Charlotte's new transportation corridors, including light rail, will be given second priority.

Senior Units

1. Must be located in a permissible area ~~which meet CHA's goals and objectives including but not limited to deconcentrating poverty, expanding housing and economic opportunities as defined by the City of Charlotte's Housing Locational Policy, a City/County approved House Charlotte Neighborhood Statistical Area (NSA), or other public housing authority, City/County, or HUD target revitalization area.~~
2. Developments in Uptown Charlotte or in neighborhoods within a mile of one of Charlotte's new transportation corridors, including light rail, will be given second priority.
3. Services must be provided onsite or in coordination with the housing. Higher levels of service provision will be given priority if the locational criteria rank equally.

In addition to meeting the above criteria, each deal must meet HUD Site Selection Standards set forth in CFR 983.57. Each deal must also be in compliance with HUD subsidy layering rules, the Fair Housing Act, Davis-Bacon regulations for new construction and all other applicable HUD regulations.

Priority will be given to proposals in any target category that complement other local activities such as the redevelopment of a public housing site under the HOPE VI program, the HOME program, CDBG activities, other development activities in a HUD-designated Enterprise Zone, Economic Community, or Renewal Community.

Prohibition of Assistance for Certain Units

The CHA will determine property eligibility criteria and may provide project-based assistance for transitional housing and other innovative housing types to address Charlotte's affordable housing needs.

Fungibility

Under this requirement, at least 75% of all new admissions to the agency shall have incomes less than 30% of Charlotte Median Household incomes, unless the CHA has utilized the fungibility provisions of Section 16(a)(4) of the United States Housing Act of 1937. The remainder of all new admissions to the agency may not have an income that exceeds 80% of Charlotte Area Median Income.

Cap on the Number of Project-Based Units

The CHA will provide Housing Choice Voucher Project-based assistance for up to 100% of units at properties owned directly or indirectly by the Agency, subject to HUD's requirements regarding subsidy layering.

The CHA will provide project-based assistance for excepted units in multifamily buildings that are specifically made available for elderly or disabled families or families receiving supportive services on a project-by-project basis with MTW and/or HUD approval.

In Supportive Housing developments (homeless, disabled, domestic violence, transitional youth, and/or special needs) with less than 20 units, the CHA will provide project-based assistance up to 100% of the units in the project. In supportive housing developments (homeless, disabled, domestic violence, transitional youth, and/or special needs) with more than 20 units, CHA will provide project-based assistance up to 60% of the units in the project. Services must be provided in the coordination of housing for supportive housing developments. The types of services offered to families for a project to qualify for the exception will be determined on a project-by-project basis depending on the target population. Supportive Housing developments may use the McKinney Act definition of disabled for the purposes of determining eligibility for exempted units.

The CHA will require reports to be submitted at least quarterly for supportive housing developments (excluding elderly and disabled developments) to ensure proper monitoring of excepted units.

In family developments or transitional housing programs, families must be receiving FSS supportive services or other self-sufficiency services to qualify for an excepted unit. The CHA, contract service provider, and/or supportive service partner will monitor the excepted family's continued receipt of supportive services and take appropriate action regarding those families that fail without good cause to complete their supportive services requirement. The CHA will require reports to be submitted at least quarterly for family developments to ensure proper monitoring of excepted units.

Site Selection Standards

Per CHA's MTW Agreement, the Authority is authorized to duly adopt, according to the requirements of local law, alternate standards for determining the location of existing, newly constructed or substantially rehabilitated housing to receive subsidy; provided, however, that in lieu of the Site Selection Standards currently set forth in 24 C.F.R. Section 983.57, the agency will comply with the following requirements:

- a. The Agency will comply with the Fair Housing Act and Title VI of the Civil Rights Act of 1964, and implementing regulations thereto, in determining the location of newly constructed or acquired public housing units.
- b. Units may be located in the agency's jurisdiction, including within, but not limited to, the following types of urban areas: (1) an area of revitalization that has been designated as such by the City of Charlotte and/or Mecklenburg County, including Redevelopment Areas and Enhanced Enterprise Communities, (2) an area where public housing units were previously constructed and were demolished, (3) a racially or economically impacted area where the agency plans to preserve existing affordable housing, (4) in connection with a HOPE VI or other HUD funded master planned

- development, (5) in areas where a needs analysis indicates that subsidized housing represents a low percentage of the total number of housing units in the area or (6) relocating units to an area with a lower concentration of public housing units.
- c. Conduct a housing needs analysis indicating that there is a real need for the housing in the area; and
 - d. When developing or substantially rehabilitating six or more Section 8 project-based units, the agency will: (1) advise current residents of the subject properties and representative community groups in the vicinity of the subject property by letter to resident organizations and by public meeting, of the agency's revitalization plan and (2) certify to HUD in its MTW Annual Report that the comments from residents and representative community groups have been considered in the revitalization plan. Documentation evidencing that the agency has met the stated requirements will be maintained at the housing authority and submitted to HUD in its MTW Annual Report.

It is the goal of CHA to select sites for CBRA housing that provide for deconcentrating poverty and expanding housing and economic opportunities. In complying with this goal, the CHA will limit approval of sites for project-based housing in census tracts that have poverty concentrations of 20 percent or less.

However, the CHA will grant exceptions to the 20 percent standard where the CHA determines that the project-based assistance will complement other local redevelopment activities designed to deconcentrate poverty and expand housing and economic opportunities in census tracts with poverty concentrations greater than 20 percent, such as sites in:

- A census tract in which the proposed development will be located in a HUD-designated Enterprise Zone, Economic Community, or Renewal Community;
- A census tract where the concentration of assisted units will be or has decreased as a result of public housing demolition and HOPE VI redevelopment;
- A census tract in which the proposed development will be located is undergoing significant revitalization as a result of state, local, or federal dollars invested in the area;
- A census tract where new market rate units are being developed where such market rate units will positively impact the poverty rate in the area;
- A census tract where there has been an overall decline in the poverty rate within the past five years; or
- A census tract where there are meaningful opportunities for educational and economic advancement.

Additionally, the CHA will strive to get as many CBRA units as possible in stable Charlotte neighborhoods, neighborhoods where there is an active neighborhood revitalization plan and/or neighborhoods along Charlotte's new transportation corridors, including the light rail. Priority will be given to developments that meet one or more of the following goals:

- Located in an area of low crime as determined by local law enforcement;
- Located in an area with access to high-performing public schools; or
- Located in neighborhoods within a mile of one of Charlotte's new transportation corridors, including light rail.

Inspecting Units

The CHA will waive the requirement for an initial HQS inspection on newly constructed project-based units and utilize a Certificate of Occupancy (CO) in lieu of an initial inspection.

Site-Based Administration

CHA's CBRA program will utilize simplified property management practices based on private management/private sector models instead of the traditional public housing authority managed project-based voucher model in order to simplify, streamline and enhance the delivery of management services to CBRA communities. The CHA will delegate to the Owner Entities' professional management companies the full responsibility of administering all aspects of the CBRA program including waitlist selection and administration, eligibility, admissions, and occupancy at the property level based on the community's approved tenant selection plan. The Owner Entities' property management is also authorized to administer grievance processes provided that no-cause evictions are not permitted and all policies and practices comply with fair housing and other related requirements.

Lease

The CHA may waive the initial one year lease requirement in Supportive Housing development/programs.

Family Right to Move

CHA has received a waiver of 24 CFR 983.260 Family Right to Move, so that a family will not be offered the opportunity for continued tenant-based rental assistance if they terminate the lease at any time after one year of occupancy. Exceptions to the waiver may be made for:

- Occupancy of a wrong size unit due to change in family composition and property does not have an available unit that meets occupancy standards for the family's size;
- Reasonable accommodation;
- Victims of domestic violence, dating violence, or stalking; and
- Owner refusal to renew the lease without good cause.

Determining Rent to Owner

The CHA ~~is seeking a~~ has an approved waiver of 24 CFR 983.301 in order to implement a more market competitive determination of rent to owner process for the Community Based Rental Assistance (CBRA) Program in order to:

- Create affordable housing developments through public/private partnerships using market principles that maximize the economic viability and sustainability of CHA's mix-income communities.
- ~~Meet CHA's goals and objectives including but not limited to deconcentrating poverty, expanding housing and economic opportunities. De-concentrate poverty by integrating affordable housing options into the following types of areas:~~
 - ~~"Stable" communities, as defined by the City of Charlotte.~~
 - ~~Neighborhoods with an active revitalization/transformation plan or eligible for the House Charlotte program or receiving other public development initiatives.~~
 - ~~Neighborhoods along Charlotte's new transportation corridors, or within a ⁺1/2-mile including light rail.~~
- Facilitate self-sufficiency among low-income families by increasing access to community resources and amenities that improve quality of life.

Formatted: Indent: Left: 0.55", Right: 0.1", Space Before: 0.95 pt, Line spacing: Exactly 13.65 pt, Outline numbered + Level: 1 + Numbering Style: Bullet + Aligned at: 0.5" + Tab after: 0.25" + Indent at: 0.5", Tab stops: 0.8", Left + Not at 0.25" + 1.3"

CHA's determination of rent to owner process may determine contract rents on a project-by-project basis up to 120% of HUDs fair market rents (FMRs) based on independent market study and analysis. Exceptions to the CHA Payment Standards may be granted with Administration approval based on the following factors:

- The quality of the housing regardless of the submarket.
- The location of the housing with respect to its proximity to revitalization/transformation activities and other public development initiatives.
- CHA's de-concentration efforts
- CHA's RAD portfolio conversion

2015- 7 Modified Definition of Elderly

A. Describe each proposed MTW activity

The definition of elderly families for eligibility in both the Public Housing and Project Based Voucher Programs will be modified from head or co-head or spouse age 62 or older to head or co-head or spouse age 55 or older. This activity will enable CHA to expand housing choice for near elderly households.

B. Describe how each proposed activity will achieve one or more of the three statutory objectives.

This activity will increase housing choices for low income families.

C. Identify and discuss the anticipated impact of each proposed MTW activity on the stated objective(s).

The anticipated impact of this MTW activity will allow able bodied households between the ages of 55 and 61 access to public housing and project based voucher communities in designated cohesive properties that serve a population with compatible lifestyles.

D. Provide the anticipated schedules for achieving the stated objective(s).

CHA proposes to implement the activity in January 2016.

E. Metric	F. Baseline	G. Benchmark	H. Final Projected Outcome
HC#1: Additional Units of Housing Made Available			
Number of new housing units made available for households at or below 80% AMI as a result of the activity for near elderly.	95	95	To be reported on in the FY2016 Annual Report
HC#3: Decrease in Wait List Time			
Average applicant time on wait list in months (decrease)	11 years	11 years	To be reported on in the FY2016 Annual Report
HC#4: Displacement Prevention			
Number of near elderly households at or below 80% AMI that would lose assistance or need to move.	338	0	To be reported on in the FY2016 Annual Report

HC#5: Increase in Resident Mobility			
Number of households able to move to a better unit and/or neighborhood of opportunity as a result of the activity.	95	95	To be reported on in the FY2016 Annual Report

- I. Give the data source from which metric data will be compiled.
CHA will use the Wait List Monitoring Report from the Asset Management Division, and the Waiting List Report from Yardi to track the data.

- J. Cite the authorization(s) detailed in Attachment C or D of the Standard MTW Agreement that gives the PHA the flexibility to conduct the activity.
CHA is authorized to undertake this activity through Attachment C. B.3. Definition of Elderly. The Agency is authorized to amend the definition of elderly to include families with a head of household or family member who is at least 55 years old, and must be in compliance with all Fair Housing Requirements, in particular the Housing for Older Persons Act of 1995. This authorization waives certain provisions of Section 3 (b)(3) and (G) of the 1937 Act and 24 C.F.R. 5.403 as necessary to implement the Agency's Annual MTW Plan.

- K. Explain why the cited authorization from Attachment C or D is needed to engage in this activity.
CHA needs the authorization because CHA is converting public housing units to Project-Based Voucher (PBV) Units. The near elderly that reside in these units will be grandfathered; however, those future tenants require this flexibility in order to be housed.

- L. Additional Information for Rent Reform Activities
This is not a rent reform activity.

2016-6 **Modification of Activity currently pending approval** Implement a Single Platform for Inspections

A. Describe each proposed MTW activity

CHA has a pending request to HUD to standardize Housing Choice Voucher, Project Based Voucher and Public Housing inspection processes. The agency proposes to adopt the same inspection processes and standards for all programs. CHA would use the Uniform Physical Condition Standard (UPCS) as the model for inspection in lieu of Housing Quality Standards (HQS). CHA's current inspectors would be trained to perform UPCS inspections. Some aspects of the HQS inspections may be incorporated for some elements.

CHA would like to additionally request, the exclusion of UPCS inspection criteria that impacts common areas, such as playgrounds, pools, laundry mats, and other amenities.

CHA would like to additionally request that the agency's certified/trained UPCS inspectors be approved to conduct inspections of the tenant based units that the agency and/or their subsidiaries have an ownership interest in.

B. Describe how each proposed activity will achieve one or more of the three statutory objectives.

The streamlined, cost-effective approach will reduce cost and increase cost effectiveness.

C. Identify and discuss the anticipated impact of each proposed MTW activity on the stated objective(s).

By having a single platform inspection, CHA's customers would have greater predictability regarding inspection outcomes and CHA would incur lower cost through self-certification versus reinspection.

D. Provide the anticipated schedules for achieving the stated objective(s).

Upon approval of the activity CHA will phase in the new inspection process based upon each unit's reexamination schedule. CHA will use a third party contractor to conduct the UPCS inspections during the transition for certifying CHA inspectors to perform UPCS inspections.

E. Standard HUD Metric	F. Baseline	G. Benchmark	H. Final Projected Outcome	Benchmark Achieved
CE#1: Agency Cost Savings				
Decrease total cost of reinspections in dollars	\$73,208 cost for re-inspections in FY2015	\$24,403 cost for re-inspections in FY2016	To be reported on in the FY2016 Annual Report	To be reported on in the FY2016 Annual Report
CE#2: Staff Time Savings				
Decrease total time to complete reinspections in staff hours	3,748.50 hours spent on re-inspections	1249.50 hours on re-inspections in FY2016	To be reported on in the FY2016 Annual Report	To be reported on in the FY2016 Annual Report

- I. Give the data source from which metric data will be compiled.
CHA will use our software system, Yardi, to track the number of inspections scheduled, conducted and reinspected each year.
- J. Cite the authorization(s) detailed in Attachment C or D of the Standard MTW Agreement that gives the PHA the flexibility to conduct the activity.
CHA is using Attachment C, Section C (9) Simplification of Property Management Practices and Section D (5) Ability to Certify Housing Quality Standards.
- K. Explain why the cited authorization from Attachment C or D is needed to engage in this activity.
The waiver is needed to amend the inspection process used for Housing Choice Voucher units.
- L. Additional Information for Rent Reform Activities
This is not a rent reform activity.

This Page Left Blank

represents a transition
to a new document.

2015-1 Amendment to Streamline Project-Based Vouchers (PBV) and Public Housing Regulations (ONLY APPLICABLE TO DEVELOPMENTS WITH PBV AND PH AT THE SAME DEVELOPMENT): to allow CHA to perform its own annual inspections on PBV units.

- A. CHA received approval in the FY2015 Annual Plan to streamline regulations of Project-Based (PBV) and Public Housing units in developments that house both. The agency implemented the activity in FY2015 after approval was received. The approval included the ability for management to use either the Uniform Physical Condition Standards or Housing Quality Standards inspections. THE PBV units have maintained initial inspections, which can utilize on-site maintenance supervisor move-in inspection per UPCS protocol. The maintenance supervisor uses a standard move-in form. ***CHA would like to additionally request that the agency's certified/trained UPCS inspectors be approved to conduct inspections of the PBV units that the agency and or their subsidiaries have an ownership interest in.*** The PBV and PH units are both monitored for quality control by regular CHA Asset Manager visits, annual third party UPCS inspections, HQS and/or REAC annual inspections.
- B. The activity would achieve cost savings since the agency will be utilizing its own certified inspectors, rather than contracting with a third party inspection.
- C. The agency anticipates a cost savings when properties elect to use UPCS inspections instead of HQS inspections.
- D. The agency proposes to implement the process upon approval by HUD.
- E. -H. are the same metrics CHA reported on for the Streamline Project-Based Vouchers (PBV) and Public Housing Regulations (ONLY APPLICABLE TO DEVELOPMENTS WITH PBV AND PH AT THE SAME DEVELOPMENT) since the agency is making an amendment to the activity, not creating a new activity. The metrics are not impacted.

Metric	Baseline	FY2016 Benchmark	Final Projected Outcome
CE#1 Agency Cost Savings			
Decrease in total cost of Initial Third Party HQS Inspection in dollars	The current cost of HQS third party inspections is \$55	\$0	To be reported in the FY2016 Moving Forward Annual Report

Decrease in total cost of Annual Third Party HQS Inspection in dollars	The current cost of Annual HQS inspection is \$55 per unit	\$0	To be reported in the FY2016 Moving Forward Annual Report
CE#2: Staff Time Savings			
Decrease total time to complete the Inspections in staff hours.	Total amount of staff time dedicated to Inspections prior to implementation of the activity is 272 hours	Activity is not expected to decrease because all units will continue to receive an annual inspection.	To be reported in the FY2016 Moving Forward Annual Report
CE#3: Decrease in Error Rate of Task Execution			
Decrease in the average percent error rate in completing HQS inspections at mixed developments.	Average percent failed HQS inspections prior to implementation is 4%	Expected average percent failed HQS inspections after implementation is 0%.	To be reported in the FY2016 Moving Forward Annual Report
Decrease in the average percent error rate in completing annual UPCS inspections at mixed developments	There is a 14.99% error rate prior to implementation of this activity	CHA anticipates no change in the error rate.	To be reported in the FY2016 Moving Forward Annual Report

- I. The data for this activity will be compiled using HQS third party per unit inspection fee incurred.
- J. CHA previously cited Attachment C. B.2. Partnerships with For-Profit and Non-Profit Entities and Attachment C. C.9.a. Simplification of Property Management Practices.

CHA is adding authorizations D.5. Ability to Certify Housing Quality Standards and D. 7. Establishment of an Agency MTW Section 8 Project-Based Program d. All units that receive project-based Section 8 assistance must meet either (i) existing HQS standards established by the Secretary or (ii) a local standard for communities receiving project-based Section 8 assistance developed by the Agency and approved

by the Secretary pursuant to this MTW Agreement, as applicable. This authorization waives certain provisions of Section 8(o)(8) of the 1937 Act and 24 C.F. R. 982 Subpart I as necessary to implement the Agency's Annual MTW Plan.

K. The authorization is needed to provide the agency's third party management the least restrictive regulatory requirements allowable.
