WATER HEATING SYSTEM CERTIFICATION

This certification must be completed each year when the water heating system is cited as not being accessible by the CHA HQS Inspector.

TENANT NAME: _____

UNIT ADDRESS: _____

This is to certify that the above unit does:

- Include a water heating system that has been deemed inaccessible to the CHA HQS inspector due to its location in an attic, crawl space, or other enclosed area.
- Include a water heating system with a pressure release valve and drain pipe vented to within 6 inches of the floor.
- Have a water heating system that is fully functional as designed.
- Possess all required safety devices, connectors, and flue piping which are in place and functional.

I understand that in the event that this certification is found to be false, HAP funds will be retroactively held from the date of the first reinspection until the date that the system has been corrected and verified by a CHA inspector or by written certification by a certified plumber licensed by the state of North Carolina.

OWNER/LANDLORD NAME: _____

OWNER/LANDLORD ADDRESS: _____

SIGNATURE: _____ DATE: _____

WARNING: Section 1001 of the Title 18 of the United States Code (Criminal Code and Criminal Procedure, 72 Stat.967) applies to this certification. 18 U.S.C. 1001, among other things, provides that whoever knowingly and willfully makes or uses a document or writing knowing the same to contain any false, fictitious or fraudulent statement or entry, in any matter within jurisdiction of any department or agency of the United States, shall be fined no more than \$10,000 or imprisoned for not more than five years, or both.

Please mail, e-mail, or fax this document to the contact above prior to the scheduled reinspection or that item will fail and the HAP will be abated.
